## **1. The Intellectual Relativity**

of everybody and the whole humanity together.  
This means that, because of this " relativity"  
what is said by people can be up to 100 % wrong,  
thereby, the **views presented here** can be up to  
100% wrong as well.

-----  
Thereby

Relativity of human being

**Not only** , is a **certain** point, it is even a point  
which **falsifies**

**uncertainty principle in quantum physics** etc.

in addition

**it is even** an absolute point which falsifies

view of

“ deniers of existence of any absolute “ because

Human being is **certainly and absolutely**

both intellectually and physically **relative**

thereby again this absolute relativity of human being is

**a paradox** which  
**falsifies** uncertainty principle of the quantum theory and  
**Proves** existence of the “ absolute” which uncertainty principle, rejects.

-----  
Why despite possibility of being up to 100 % wrong views are presented here ?

because

More than , 60 years as a **freelance** researcher I have searched in these points and so long they are not Natural scientifically falsified  
They will be presented and defended.

(((((O))))))(((O))))))

## 2. Starting point

**In the same way that,**

the whole natural universe including human being has been created, without any human help or any man made innovation

**In the same way,**

The whole universe can be studied “ natural scientific”

**without any man made**

laws, values, mathematics,  
technologies, aims etc.

.....

( here aim of two withouts **is not**

**Without human engagement**, It is rather,  
without **Human interference**, in

“ natural scientific function of the natural beings

by

1. man made ( WVLMSFTA etc. and

2- man made means among others like

-- Double - slit experiment, in quantum mechanics

-- CERN activities,

-- researches in hospitals with man made

intellectual and physical means.

### **Otherwise,**

**Every** human being should take part in

researches and studies for her and his general natural sci-  
entific development.

.....

thereby

**So long studies are not without** any human innovated  
intellectual and physical means

they are not creation aimed natural scientific studies, like

-- Like CERN particle accelerator, activities, or

-- bubble slit experiment in quantum mechanics or

-- studies in hospitals with man made means etc.)

**Empirical realities** made by man made means

**are not natural scientific realities** thereby  
their studies are not natural scientific studies  
**they are man made studies with**  
**man made intellectual and physical innovations.**

Based on the point that, the universe is crated without  
any man made means or help and  
Therefore the universe can be searched without any man  
made means,

This study , follows the nature and search without  
any man made means.

((((((((O)))))))(((((((((O)))))))))

### **3. Position of the Energy and matter in the universe activities**

$$E = mc^2$$

**This point is taken here, in relation to those who  
directly or indirectly, take the energy, mass, matter  
as DCDer or Decider, Creator, Developer.**

**No one of E, M, C , 2 including their “ = “**

**Neither is,**

**Nor has,**

/ any thinking property,

/ any understanding property,

/ any awareness property,

/ any decision making property

/ any acting property etc.

any properties which are needed for or being an acting

individual **thereby**,  
**no one** of E, M, C, 2, including their “ = “  
**with whatsoever definition**,  
**not only** is not and all together,  
are not, any DCDer in the function of the universe,  
**even**, they are not aware of their existence.

Based on this point that,  
the universe is existing and functioning but both  
/ the universe in its general form and  
/ E,M,C,2, in its energy producing formula,  
are not aware of their existence,  
There must be a DCDer behind the functioning universe,  
a DCDer, who is  
the MEP, the Main Essence and Property of the universe.

((((((((((((((((((O))))))))))))))))((((((((((((((((((O))))))))))))))))

## **Neither Matter nor Energy themselves**

(because of not having any TAVDA and DCD  
properties)

**never have been the cause of any change in the  
universe.**

They are only two means for the MEP in  
Presenting (its, her, his) thoughts by creating different  
beings.

((((((((((((((((((O))))))))))))))))((((((((((((((((((O))))))))))))))))

#### **4. Non material Thought – Matter**

Some examples for developing the point

This study tacks human “ Mind” as an example for developing

Matter and non matter. In which,

Neither mind

Nor its contents are physical,

Both of them are non physical.

##### **I. Physical universe**

related to the Mind : examples

- A. Physical body of parents
- B. Physical body of a Mobile
- C. Physical body of an airplane

##### **II. Human brain**

- A. Physical part of the Brain which  
Can be seen, touched physically.
- B. Brain’s non physical properties or  
applications

By which **physical impulses** reached to brain

**Converts** to non physical thoughts or concepts

For ex.

Impulse from parents, mobile, airplane etc.

**converts to**

**Non physical concept** of the parents,

Mobile, airplane etc. and

Saves in non physical Mind.

**What is existing in the mind**

**Neither** are physical brain

**Nor** physical parents, physical mobile,

Physical airplane etc.

Both mind itself and its contents are

Non physical thoughts or concepts etc.,

**III. the Mind**

Is like an biological USB, in which are all

non physical information collected.

**IV. Non physical – physical togetherness**

One of very strange but very beautiful  
functions

In the universe is togetherness and cooperation of the

Matter and non matter ,

Like cooperation between

Non physical Mind and physical brain or

Mind with physical body and

Physical universe.

### **Small summary: Non matter – Matter**

Mind and its contents, are

**Neither**

physical brain

**Nor**

physical beings like parents, mobile, airplane.

In the brain

### **Two different universes :**

a. Physical parts belonging to the physical universe

Like physical brain, etc. and

- b. Non physical thought, like human mind and its contents belonging to the

Non physical universe.

in this way very easy can we touch

**difference between non matter and matter .**

((((((((O)))))))(((((((((O)))))))))

## **5. MEP in this study**

MEP = Main Essence and Property = Creator

((((((((O)))))))(((((((((O)))))))))

For making the MEP easier for understanding, study begins with human innovations in which

### **A. Essence**

Every human innovation, has different constructional non physical intellectual dimensions. Among others

( WVLSMFTA) etc. or will, value law, mathematics, structure, function, technology, aim etc. by which innovated thing is constructed and

### B. **Properties**

or intellectual application thoughts by which different innovated things have their different functions.

### C. **Innovation Essence and properties**

These Essence and property by which ,

Innovated things are innovated and have different functions , are not

intellectual essence and properties, in innovator's brain

Which are **the main essence and properties,**

They are a copy of the innovator's thoughts in essence and properties of – innovated things.

Because after innovation, essence and properties in the brain of the innovator, has not disappeared, they remain in the brain of the innovator as the **main form.**

### D. **Creation's Essence and properties** in which

Before the physical creation of the universe there has  
been

**An Existing Non – Physical and  
Not-Created "Being"**

Who has created all natural beings.

**This "Being" as the Creator,  
is the leader who leads the whole  
universe,**

( **except** the activities of Humans and other beings  
with a thinking brain and properties like  
awareness, deciding etc.).

**This exception is, because of the aim of human crea-  
tion**

which in this study is  
women's and men's development towards  
**relative all knowerness and** thereby  
having, the **relative best possible life,**  
not only on the earth, but **also in the whole  
universe,** beyond the earth.

**The view for human intellectual development is based  
on,**

For avoiding diseases and different problems,

First of all,

1. should everybody know, her and his body natural scientifically
2. should know, nature natural scientifically,  
development of these sciences is towards  
“ relative all knowerness of every healthy individual.

·

## 7. Two Basis of the Universe View

### In this study

Among others, there are two most important points in the universe view

for finding,

how the universe is created and how the universe is functioning, among others following questions are important

1. Is there any “Absolute “ or not ? and
2. Can anything non-physical,

From **outside** the matter **affect the matter** and create the physical universe ?

.....

### I. About the “Absolute”

#### The Absolute related to the Creation

It is said that there is no “ Absolute”,

One question from deniers, is

How many % of you claim that there is no Absolute.

1 % ....10 ...30 ...50 ...80.....99.99 %’

Even in the case of 99.99 % they can’t say that

there is definitely no Absolute

thereby, there is an “ Absolute.”

In the case of claiming 100 % there is not any Absolute,

this means that, absolutely, there is no Absolute.

This claim that absolutely there is no Absolute

**is a paradox which**

**verifies** that there is an Absolute and

**rejects** the denier's own view in saying that there is absolutely no Absolute.

Ultimately deniers,

Absolutely can't **natural scientifically** claim that, there is not any absolute.

### **The different dimensions of the MEP as**

a. the Main Essence WVLMSTFA etc. **of the universe**

/ Will is absolute

/ Value is absolute

/Law is absolute

/Mathematic is absolute

/ Structure is absolute

/ Function is absolute

/ Technology is absolute

/ Aim is absolute and because of being absolute,  
and

b. The Main properties (Absolute TAVDA & DCD) Properties ) or

/ absolute thought,

/ absolute awareness

/ absolute volition

/ absolute decision maker

/ absolute doer

/ etc.

**There is no place at all for any “random activity” like the black hole ,the singularity, the Big Bang etc.**

## **II.**

**Can anything non-physical,**

**Affect in the physical matter**

**From outside the matter and change it ?**

We can take the human brain, as an example for

Affect of the “non-physical” in the matter from outside the matter.

The Brain is **constructed** by non-physical intellectual (WVLSMFTA etc.) thoughts and **It functions** by the non-physical properties like the thinking property, awareness property, volition property, deciding property, acting property.( TAVDA)

**Without WVLSMFTA etc. thoughts,** there will not be any physical constructed brain, and without TAVDA ,” property thoughts “, the physical brain will never be aware of its own existence. Thereby,

It is by non-physical thoughts, the physical brain is constructed and it is by non-physical properties or biological applications) that the brain, can think, decide and act.

As it has been developed in beginning of the chapter two, **Every physical act of the brain is result of 7 different “ non physical “ acts.**

**it is the same with the whole physical universe.**

**Practicability**

**of this view is**

**Existing, functioning, but unaware universe thereby,**

**the above mentioned claim, that non physical can't affect in the physical matter, from outside the matter**

**clearly is not right.**

.....

## 8. Using terms

**It has been tried,**  
by using the most easy possible terms for making the  
views in this study  
more and more understandable for people, that it will  
be easy to follow.

.....

## 9. Repeating terms like matter, non-matter, Physical , Non-physical, Natural Scientific etc. is because,

this study is about the following dimensions of  
our daily empirical reality namely

- A. Matter,
- B. Non-Matter,
- C. Man-Made
- D. Natural Scientific, and  
Relating them to
- E. TAVDA, thinking, awareness etc. for
- F. being DCDer or decider, creator, developer

thereby  
**the dimensions of terms and sentences,  
and their functional position as  
/ an “ decider “ or  
/ being a “ means “  
should be emphasized**

for bringing and keeping people in this

## **6 dimensional universe.**

((((((O))))))((((((O))))))

### **10 Three different leadership and societies**

- I. Man made societies and leadership,**  
In which man made  
( WVLMSFTA etc.  
Or , will, value, law, mathematics, structure,  
Function, technology, aim etc.).  
Are leader  
Like present different societies and  
Leaderships.
- II. Natural scientific or  
post man made  
Societies and leaderships**  
based  
On human body's and nature's  
( WVLMSFTA etc.)  
Without any man made ( WVLMSFTA etc.)..
- III. Post physical , natural scientific societies  
In which**  
Societies, leadership and life are based on  
Non physical ( WVLMSFTA etc.) of every  
Being and the whole universe. In other words

Universe and all beings in it,  
Without physical body.  
Thereby  
Leadership of the Main (WVLSMFTA etc.)  
In which

1.. **In relation** to beings with thinking, awareness  
etc. properties **like human being** is  
**Guiding, not deciding leadership**  
**Because** they can think and become aware etc. and

2.. **in relation** to beings without thinking  
Awareness etc. properties is  
**Absolute deterministic leadership**  
**Because**, they can think and they are not  
At least aware of their own existence in  
Existing universe.

((((((((O)))))))))((((((((O)))))))))

## 11. Reference

In this study, reference is related to  
The Human body, Nature and Man made  
societies.

**Not to other researchers studies because,**

- A. The most important point in studies are  
**“ contents of views” not references.**
- B. Having NS Ground or basis for study and
- C. Having NS goal for study.

**Basing studies only in present realities is nothing  
less than going astray in studies.**

Because, all human intellectual, physical, social and en-  
vironmental **diseases and problems** are result of

**Not thinking, not working, not living natural scientific.**

**Thereby,**

**I.. Not basing, the study in natural sciences and**

**II. Not having Natural scientific goals in studies,**

Are two undeniable reason for

**“ Not being natural scientific”** character of the study.

**((((((((O)))))))(((((((((O)))))))))**

## **12. Three evaluation points of the views**

### **Unimaginability**

Living behind present man made societies and

Thinking, talking, looking, acting, living

Natural scientifically, without any man made intellectual and physical WVLMSFTA etc. is unimaginable but

### **Undeniability**

This is undeniable that man made intellectual and physical WVLMSFTA etc. are not natural scientific and result of this un – natural scientifically is all human intellectual, physical, social, environmental etc. diseases and problems.

### **The only way**

Based on undeniability , the only way is the main natural scientific WVLMSFTA etc. and property way.

((((((((O)))))))(((((((((O)))))))))

### 13. practicability and falsification

**Practicability** of the view is  
Existing and functioning universe  
Which is created and functions  
Without any human help and  
Without any man made means

**Falsification** of the view by  
Falsifying the view by proving that  
Without human intellectual help or physical innovated  
means the universe could not exists and function..  
A prove which is absolutely , natural scientifically im-  
possible because the universe and body of everybody  
Has been existed before she or he becomes aware of her  
And his existence in this universe.
