To Humanity

**as One cell of
this one humanity.**

((((((((((O))))))))))((((((((((O))))))))))

Preface

**Every child and all natural creatures are
constructed**

by

Natural scientific Essence (WVLMSFTA etc.) and
Functions by NS Properties

But

socialization of the child is by

**(Based on irrelevant) Man made
Non NS essence (WVLMSFTA etc. and
Non NS Functions (TTAL etc.) or
Thinking, talking, acting, living etc..**

((((((((O)))))))))((((((((O)))))))))

I. Emphasizing point

Nothing is analyzed in this book ideologically,

Everything is analyzed for being

Natural scientific (NS) or man made.

((((((((O)))))))))((((((((O)))))))))

II.. Intellectual relativity

of everybody and the whole humanity together.
This means that, because of this " relativity"
what is said by people can be up to 100 % wrong,
thereby, the **views presented here** can be up to
100% wrong as well.

Thereby
Relativity of human being
Not only , is a **certain** point, it is even a point
which **falsifies**
uncertainty principle in quantum physics etc.
in addition
it is even an absolute point which falsifies
view of
“ deniers of existence of any absolute “ because
Human being is **certainly and absolutely**
both intellectually and physically **relative**

thereby again this absolute relativity of human being is

a paradox which
falsifies uncertainty principle of the quantum theory and
Proves existence of the “ absolute” which uncertainty principle, rejects.

Why despite possibility of being up to 100 % wrong views are presented here ?

because

More than , 60 years as a **freelance** researcher I have searched in these points and so long they are not Natural scientifically falsified
They will be presented and defended.

((((((((((O))))))))))((((((((((O))))))))))

III.. Starting point

In the same way that,

the whole **natural** universe including human being has been created, **without** any human help or any man made innovation

In the same way, can

The whole universe be studied “ natural scientific” **without** any man made laws, values, mathematic, technologies, aims etc. thereby

So long studies are not without any human innovated intellectual and physical means **are not creation**

aimed natural scientific studies.

((((((((((O))))))))))((((((((((O))))))))))

IV. Existential cause of the Matter

. MFP is existential cause of the matter

MFP Or Matter feeling property

By which humanity feels, thoughts

With physical body Like

Thoughts of atom, cell, human brain etc.

In their physical forms like physical atom,

Physical cell, physical brain and universe.

In the same way that ,

By seeing property, can we see,

By thinking property, can we think etc.

In the same way

By MFP or matter feeling property can

We feel, thoughts in their physical forms.

So long this function happens “ naturally “

Without human decision.

But in future natural scientific societies, humanity will be

able to use it herself and himself.

((((((((((O))))))))))((((((((((O))))))))))

**V. The Nothing point – Something point
in the creation**

A. The Nothing point

In this study, this is the point when
there were not any existing creatures in the universe,

B. The Something - point,

Based on this point that
the existing universe, in the nothing point of
creation, was not existing, but
now it is existing, this means
its existence proves that,

**Before the physical creation of the universe there has
been**

**An Existing Non – Physical and
Not-Created "Being"**

Who has created all natural creatures.

**This "Being" as the Creator,
is the leader who leads the whole uni-
verse,**

(**except** the activities of Humans and other creatures

with a thinking brain and properties like awareness, deciding etc.).

This exception is, because of the aim of human creation

which in this study is women's and men's development towards **relative all knowerness and** thereby having, the **relative best possible life**, not only on the earth, but **also in the whole universe**, beyond the earth.

The view for human intellectual development is based on,

For avoiding diseases and different problems,
First of all,

1. should everybody know, her and his body natural scientifically
2. should know, nature natural scientifically,
development of these sciences is towards
“ relative all knowerness of every healthy individual.

·
((((((((O)))))))(((((((((O)))))))))

VI. MEP in this study

MEP = Main Essence and Property = Creator

((((((((O)))))))(((((((((O)))))))))

For making the MEP easier for understanding, study begins with human innovations in which

A. Essence

Every human innovation, has different constructional non physical intellectual dimensions. Among others (WVLMSFTA) etc. or will, value law, mathematics, structure, function, technology, aim etc. by which innovated thing is constructed and

B. Properties

or intellectual application thoughts by which different innovated things have their different functions.

C. Innovation Essence and properties

These Essence and property by which ,
Innovated things are innovated and have different functions , are not
intellectual essence and properties, in innovator's brain
Which are **the main essence and properties,**
They are a copy of the innovator's thoughts in
essence and properties of – innovated things.

Because after innovation, essence and properties in the brain of the innovator, has not disappeared, they remain in the brain of the innovator as the **main form**.

D. **Creation's Essence and properties** in which

/ Every natural being has its, her, his own intellectual

Constructional thoughts as **Essence** and

Functional thoughts as **properties**.

These natural beings essences and properties

are a copy of the MEP who is

the Main Essence and property.

There are endless essences and properties in the universe but , related to the Main essence and property, they have been mentioned in singular form because there is only one MEP in the whole endless universe

(((((((O)))))))((((((((O)))))))

VII. Position of the Energy and matter in the

universe activities

$$E = mc^2$$

This point is taken here, in relation to those who directly or indirectly, take the energy, mass, matter as DCDer or Decider, Creator, Developer.

No one of E, M, C , 2 including their “ = “

Neither is,

Nor has,

/ any thinking property,

/ any understanding property,

/ any awareness property,

/ any decision making property

/ any acting property etc.

any properties which are needed for or being an acting

individual **thereby,**

no one of E, M, C, 2, including their “ = “

with whatsoever definition,

not only is not and all together,

are not, any DCDer in the function of the universe,

even, they are not aware of their existence.

Based on this point that,

the universe is existing and functioning but both

/ the universe in its general form and

/ E,M,C,2, in its energy producing formula,

are not aware of their existence,

There must be a DCDer behind the functioning universe,

a DCDer, who is

the MEP, the Main Essence and Property of the universe.

(((((((O)))))))((((((((O)))))))))

VIII. Non material Thought – Matter

Some examples for developing the point

This study tacks human “ Mind” as an example for developing

Matter and non matter. In which,

Neither mind

Nor its contents are physical,

Both of them are non physical.

1. Physical universe

related to the Mind : examples

- A. Physical body of parents
- B. Physical body of a Mobile
- C. Physical body of an airplane

2. Human brain

A. Physical part of the Brain which

Can be seen, touched physically.

B. Brain’s non physical properties or applications

By which **physical impulses** reached to brain

Converts to non physical thoughts or concepts

For ex.

Impulse from parents, mobile, airplane etc.

converts to

Non physical concept of the parents,

Mobile, airplane etc. and

Saves in non physical Mind.

What is existing in the mind

Neither are physical brain

Nor physical parents, physical mobile,

Physical airplane etc.

Both mind itself and its contents are

Non physical thoughts or concepts etc.,

3. the Mind

Is like an biological USB, in which are all

non physical information collected.

4. Non physical – physical togetherness

One of very strange but very beautiful functions

In the universe is togetherness and cooperation of the

Matter and non matter ,

Like cooperation between

Non physical Mind and physical brain or

Mind with physical body and

Physical universe.

Small summary: Non matter – Matter

Mind and its contents, are

Neither , physical brain

Nor

physical beings like parents, mobile, airplane.

Two different universes :

a. Physical parts belonging to the **physical universe**

Like physical brain, etc. and

b. Non physical thought, like human mind and its contents belonging to the

Non physical universe.

Part One

Chapter one : Leadership

Chapter two: Personality

((((((((O)))))))(((((((((O)))))))))

Chapter one:

I. Leadership

Three different Leaderships

- 1. A Man-made Leaderships
Among others democratic leadership
- 1. B Religious Leaderships
- 1. C Natural Scientific Leadership

((((((((O)))))))(((((((((O)))))))))

**1. A. Different " Man-Made " among others
Democratic Leaderships**

- / Individual Democracy
- / Western - Representative Democracy
- / Marxist - Democratic Centralism
- / Anarchist Direct Democracy and
- / All Humanity Democracy decision-Making
and Leadership

**Paradox of democracy :
democratic dictatorship**

Because by the mobile, from almost everywhere, everybody can take part in decision-making at the same time, to **avoid a paradox of Democracy** namely

Democratic Dictatorship.

As it is known, for example, in an election with result
51 % – 49 %
49 % must follow 51 %.

Something which is not less than a kind of dictatorship
namely, a Democratic Dictatorship.

If 51 % of **four years time**,
was lead by majority part and

49 % of four years, by minority part,
Then could be said democratic leadership.

))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))))
((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((((

Based on

1. human body's and universe's

Natural Scientific construction and function and
Thereby

Natural scientific Leadership

2. existing diseases and damages in human
body and environment,
which proves that

Man made, WVLMSFTA etc. and
Man made TAVDA etc. properties

Are irrelevant to human body and environment

Thereby

All man made co- relations

are not

**natural scientific and led to
different diseases like,**

- / irrelevant co – relation with own body- diseases
 - / irrelevant co – relation with
other people - diseases
 - / irrelevant co – relation with
other natural beings – diseases
 - / irrelevant social co – relation with
The whole society - diseases
- Like
- / political co-relation diseases

/ Economic co-relation - diseases,
/Military co-relation - diseases
/ Nutrition – co – relation – diseases etc.

((((((((O)))))))(((((((((O)))))))))

1. B Religious Leaderships

Based on everyday experience,

1. Nobody is born as Moslem, Christian, jew etc.
2. Nobody is born as a religious leader
3. Noone of the so called religious books has
 Been created by the MEP
4. no one of the so called mosques, churches etc.
 Is created by the MEP.

((((((((O)))))))(((((((((O)))))))))

Does the MEP (the Creator)

interfere in human life

by sending Messenger ?

((((((((((O))))))))))((((((((((O))))))))))

According this study ,

The MEP does not interfere ,

In addition to points above

1. Politically

Nobody is born as

King, sultan, shah, emperor

President, prime minister,

Chief of the communist party etc.

Thereby MEP has not interfered political

2 . Economic

a. MEP has not created any kind of **Money** and

b. Has not given **ownership right** of even one

particle not only to a single human being, even not to the whole humanity, Nothing in the universe is for owning, every thing if for

NS study and NS using.

Because

from not discovered particles

to the whole universe

every natural being is a natural scientific book for study of human being for

a natural scientific life.

Thereby , MEP has not interfered economic

In human life.

3. Military

A. By not creating a child

as soldier, sergeant, general etc.

B. MEP has not created ,

pill and bow, sword of the

classic barbarians and

Machine gun , atom bomb etc.

Of the **modern barbarian** which
Are endless worth than classic one.
Because, they , kill more people and ,
damage even, earth, air, space etc. as well.

Thereby,

MEP has not interfered military in human life.

4. Technology

By not creating, man made innovations

MEP does not interfere - technologically

5 . Nutrition ,

not interfering in human nutrition, by

Not saying what people should eat or not eat.

6. Clothing,

by not creating clothes,

MEP does not interfere in human clothing.

herself or himself in this relation.

7. Decision for having child

8. Endless etc.

((((((((((O))))))))))((((((((((O))))))))))

Now we go back to the question of this point

Does the MEP interfere in human life

by sending Messenger ?

((((((O))))))((((((((((O))))))))))

In this research

Based on,

1. MEP has not given any kind of Leadership to anybody, and
2. By giving properties like among others Thinking, awareness, volition, decision making, acting (TAVDA) etc.

**Has given the right of thinking ,
becoming aware and choosing –**

to human being

Thereby

Again according to this study

Sending a messenger by MEP,

is interfering in human life and

Thereby

is impossible.

((((((O))))))((((((O))))))

1. C Natural Scientific Leadership

**Essence (software, constitution) and
Functional property (application) leadership**

.....

This leadership is based on the natural scientific

WVLMSFTA etc. and NS properties namely,

W (will) is NS will, not the left, right, religious etc.
wills

V (Value) is NS value not different man-made values

M (Mathematic), is NS Mathematics , not different
ideological M

(Mathematic) in political, economic etc. relations

S (Structure) is NS, not different non NS structures
like,

structures of presidency, religious leader, chief of
party,

employee, worker etc. –these are not NS

F (Function) is NS, not man-made functions like
those related to each person's own body,

being, president, religious leader, chief of party, em-
ployee, a factory or worker in any man-made factory etc.
these **are not NS functions.**

thereby they have no place in NS Leadership.

T (technology) man-made technologies are not NS
technologies,

A (aim) man-made structural, functional etc. aims are
not NS, only NS structures and functions belongs
to the NS aims and thereby NS Leadership.

Thinking, activity, living (TAL) etc. constructions,
should be NS constructions, in other words,

everybody should think, be active, live as a NS re-
searcher,

not like today in which the absolute majority of
people's TTAL (thinking, talking acting and living) are
not NS with

all intellectual, physical, social, environmental etc.
problems as a result. thereby,

Man-made constructions do not belong to the NS

Leadership

((((((((((O))))))))((((((((((O))))))))

Last Points:

Based on

1. human body and the whole universe are NS Beings

Constructed by NS Essence namely

(WVLMSFTA etc.) and

2. Existing diseases in human body, societies and

Damages in earth, air, space etc.as prove for

Irrelevance of the man made (WVLMSFTA etc.)

To human body and earth etc.

The only way is:

((((((((((O))))))))((((((((((O))))))))

1. Not using the brain for man made

innovations,

Rather

2. Using the brain for discovering

needed means from

human body earth and universe. Because

the creation has its own technology etc.

((((((((O)))))))))((((((((O)))))))))

Three evaluation points

Unimaginability

A natural scientific life and thereby

Natural scientific Leadership

Is unbelievable but

Undeniability

This is undeniable that

Man made are not natural scientific

And by not being NS thereby,

They are not creation aimed means,

Again creation has its own technology.

The only way

Is , discovery way

Man made can be used as a bridge

Between , innovation and discovery.

So long , needed means is not discovered,

Innovated means can be used.

((((((((((O))))))))))((((((((((O))))))))))

Practicability

Existing universe which is created
and functions without human help is an
undeniable prove for practicability of

Natural scientific life and leadership

Even today,

People try to know better and
better human body and nature

and thereby avoid activities which damage
human body and nature

**thereby thy have accepted
natural scientific life and leadership.**

((((((((O)))))))(((((((((O)))))))))

Falsification

Deniers should prove that, without human help, universe couldn't exist and function.

But this negation is natural scientifically , impossible, because

Not only universe ,

even body of the deniers has been existed, before he or she becomes aware about her and his existence on the earth.

((((((((O)))))))(((((((((O)))))))))

Starting point

In the same way that

the whole universe is created without
human intellectual and physical

innovations,

In the same way,

Creation has its own technology and

Needed means.

((((((((O)))))))(((((((((O)))))))))

Chapter two : Personality

1. among endless others

**Four different non physical and physical
Parts of the human body and universe**

- A. Physical part
- B. Non physical essence (WVLMSFTA etc.) by which every natural being is designed and constructed.
- C. Properties, or applications, by which every being has different activities.in the case of human being Thinking, awareness, decision making etc. Properties.

D. MEP or Main Essence and property

((((((((((O)))))))))((((((((((O)))))))))

**II. Human mind – as example for
Physical - non physical parts**

Human Mind itself and its contents, are

Neither

physical brain

Nor

physical beings like parents, mobile, airplane.

In the brain and mind.

Two different universes :

- a. Physical parts belonging to the physical universe

Like physical brain, etc. and

- b. Non physical thought, like human mind and its contents belonging to the

Non physical universe.

in this way very easy can we touch

difference between non matter and matter .

((((((((((O))))))))))((((((((((O))))))))))

III.. Personality

As in **everybody's or individual's**

Leadership property or application which

uses, among others, TAVDA, properties, and the body in everyday activities. as a result

neither, the physical part of the brain

nor the non-physical essence or bio. software of the brain,

play any DCDer (deciding, creating, developing) role in the function of the brain and body, thereby again

the Decider (even for using the deciding property, the deciding property can't itself start and make a decision) for

Using

the brain and body in human activities-
it is every individual's

non-material Personality

that uses the decision making and acting properties.

In the post-democratic natural scientific societies,
personality will use the
physical body as a **NS laboratory** for
searching information about the body, nutrition
articles and nature, these are
a natural scientific encyclopedia of
the creation in daily life, Because every physical natural creature is,
a written book which is a materialized (converted to matter) form of the MEP's thoughts written with a NS alphabet in a NS language etc. for teaching NS researchers the creation subjects for
a NS life, by
Thinking NS, Looking NS, Working NS and
Living like NS researchers.

IV. **Personality's Different lives**

- 1.. physical life
Life with physical body
2. **life without physical body**
in sleeping time.

3. both together

In daily life for example ,, two person are talking each other but suddenly one of them
Despite physical presence, is not in talking
with other part.

In this case, personality of that individual has
Left the physical body and is in other place.

((((((((((O))))))))((((((((((O))))))))

V. **Aim of human creation**

Based on , trying and knowing own body,
Nutrition articles, natural beings leads - to
More and more natural scientific knowledge.

Thereby

One of the first aims of human creation is
Natural scientific development of every
individual.

((((((((((O))))))))((((((((((O))))))))

Part two

Chapter three : technology

I. Starting point

In the same way that

the whole universe is created
without any human help or

any human innovated means,

In the same way

Can the whole universe be
researched and all problems be solved,

Without man made intellectual and physical
innovations.

((((((((((O))))))))((((((((((O))))))))

II. Time's Logic and its development

One of the dimensions of the time is its division into :

past – present -future

In this Logic

always

the present is the future of the past and
the future is as the coming present

This means that,

**The present societies are,
neither past nor future societies.**

This development will continue until
the human enters into
the herself, himself chosen post-democratic,
non-physical essence and property society
without both

- a. **any man-made, physical or intellectual means and**
- b. **any human and universe physical bodies**
in which

there will not be any matter and matter related time.

((((((((O)))))))))((((((((O)))))))))

III. Natural scientific – post democratic societies

Human intellectual and social development

Will leave behind

All man makes and establish more and more
Natural scientific societies among others

A.. By searching more and more about human body ,

1. human being knows more and more about

human body, thereby

2. becomes aware and more about mistakes and their results, different diseases **because of** following man made (WVLMSFTA etc.) and
3. tries replace man made (WVLMSFTA etc.

With natural scientific (WVLMSFTA etc.)

Hereby goes from **man made**,

thinking, talking, acting living etc. (TTAL) to
the natural scientific (TTAL) etc.

B. knowing more and more environment

It is the same I relation to the environment .

Humanity is **replacing** man made

(WVLMSFTA etc.) and (TTAL) etc. with

Natural scientific one.

((((((((O)))))))(((((((((O)))))))

IV. Human innovations as a bridge

Between present societies and

Future natural scientific societies.

In process of leaving behind immediately ,man makes
and replacing them with the natural scientific one,

Is it neither, rational nor possible
(Specially in hospitals) .

They should be used as a bridge between present
societies and future's natural scientific societies.

((((((((((O))))))))))((((((((((O))))))))))

V. The Creation does not lack anything,

Based on 100 % of sciences which has constructed and
Given function, to universe,
And because of being 100 %
is perfect,
The creation doesn't lack anything.

But ,

Instead of trying for “ discovering” needed means
and technologies etc. human being goes “ innovation
way. Again but

- 1) **Man-made technological WVLMSFTA etc.
are not Natural Scientific WVLMSFTA etc.**
- 2) **The human body's Properties** as different means
and applications for
human intellectual and physical activities
are not NS too.

Human intellectual, technological etc. development
Will leave behind man made societies and
Will enter NS societies without man made technology
etc.

As it is tried by part of researcher,
To know more and more human body and nature and
**Avoid, man made un – natural scientific activities
which
Damage human body and nature.**

((((((((O)))))))(((((((((O)))))))

In the same way that

- a. all human properties are created
without any human or
any man-made means,
- b. all creation activities, all the time are
without any human help or man-made means

In the same way

The human can do all her or his activities
without any man-made means

For example

Flying without airplanes,
both with the physical body and
without the physical body by
everybody's Non-physical Personality.

((((((((O)))))))(((((((((O)))))))

Practicability of the view is
Existing and functioning universe

Which is created and functions
Without any human help and
Without any man made means

Falsification of the view by

Falsifying the view by proving that

Without human intellectual help or physical innovated means the universe could not exist and function..

A prove which is absolutely , natural scientifically impossible because the universe and body of everybody

Has been existed before she or he becomes aware of her

And his existence in this universe.

Three evaluation points of the views

Unimaginability

Living behind present man made societies and

Thinking, talking, looking, acting, living

Natural scientifically, without any man made intellectual and physical WVLMSFTA etc. is unimaginable but

Undenyability

This is undeniable that man made intellectual and physical WVLMSFTA etc. are not natural scientific and result of this un – natural scientifically is all human intellectual, physical, social, environmental etc. diseases and

problems.

The only way

Based on undeniability , the only way is
the main natural scientific WVLMSFTA etc.
and property way.

((((((((O)))))))(((((((((O)))))))))

Part Three : Chapter Four

Thought (non matter) – Matter

**Intellectual Relativity
of everybody and the whole humanity together
and
based on this relativity, every view is relative and
thereby can be up to 100 % wrong.
Views mentioned in this book is not any exception
namely can be up to 100 % wrong.**

((((((((O)))))))(((((((((O)))))))))

Nothing point – Something point

Based on this point that,
the physical universe, including the human (before her
or his thinking and awareness properties start to function)
are existing and functioning, but they are not aware of
their own existence. Their existence and function is an
undeniable proof for the existence of a

/ non-physical

/ not created

/ **before the physical universe, existed Being**

who is the Constructor and Function Giver to the un-
aware universe, Who

is the MEP , the Main Essence (WVLSMFTA etc.) and
Property of the universe.

((((((((O)))))))(((((((((O)))))))

4 . A Thought – Matter

4. B Related to quantum physics

4. C From denying the Absolute to Evolution

((((((((O)))))))(((((((((O)))))))

4 . A Thought – Matter

I. What is thought and Its existential cause ?

In this study

**Every non-physical concept,
Every non-physical view,
Every understanding etc.**

about something is non-matter, thereby thought,
like the different dimensions of the WVLSMFTA etc.

Thought has not any physical body,

Its existential cause is human

A. In the case of human being “ thinking property”

By which everybody can think and

Have different non physical thoughts.

B. In the case of universe

MEP or Absolute thought

main non physical thoughts and properties of the
universe, who has constructed and given functions
to universe.

Based on “ existing universe”

1. MEP has been existed before

Physical creation, because

Not only beings without thinking ,awareness etc.

Properties,

Even human being , In the birth time is not aware
About her and his existence in this universe.

Their existence and their “unawareness “ of their
Existence is , natural scientifically , an undeniable
Prove for existence of MEP who has created the
whole universe.

2. Existential cause of the MEP is

MEP (itself, herself, himself.) Because MEP is
absolute, perfect etc. In this study,

MEP is , **main** 100 % of different natural sci-
ences, by which the universe is constructed
And functions. By being 100 % is absolute and
By being absolute , is perfect and does not lack
Anything and by not lacking anything,
Has **not any other** existential cause.

Existential cause of MEP is MEP itself, her-
self, himself.

3. What about,

Everything has a creator,

What or who is the creator of the creator ?

It is said that :

everything has a creature

Who is the creator of the creator ?

This view is another **paradox** of these people who rejects their own view and proves existence of a creator.

By saying .

1. Everything has a creator,
who is the creator of the creator ?

In the point 1, at list in saying they accept that
Everything has a creator , thereby should
Be a creator for the universe.

In the point 2,

They say ,
who is the creator of the creator ?
Intellectually these **people has not reached
to this level of definition** that :

**/ creator, has not any creator and
If somebody or something has a creator,
She, he, i it
is not any creator, it is creature.**

Thereby,

the creator they mention at the last hand
is not creator, it is creature too.

Related to the universe ,

MEP , or the absolute thought as creator

Has not any creator because,

Everything which has a creator,

Never can be “ creator”.

(human being can – use **existing universe** and innovate different things, but **never can be creator** and **create something from nothing**).

((((((((O)))))))(((((((((O)))))))))

II. What is Matter and

Its existential cause ?

Everything, touchable by five senses, even with microscope, telescope etc.

Including wave, particle, heat, light, not discovered beings, down to zero – matter level. Are material or physical, made of matter.

((((((((O)))))))(((((((((O)))))))))

III. MFP is existential cause of the matter

MFP Or Matter feeling property

By which humanity feels, thoughts

With physical body Like

Thoughts of atom, cell, human brain etc.

In their physical forms like physical atom,

Physical cell, physical brain and universe.

In the same way that ,

By seeing property, can we see,

By thinking property, can we think etc.

By MFP or matter feeling property can

We feel, thoughts in their physical forms.

So long this function happens “ naturally “

Without human decision.

But in future natural scientific societies, humanity will be able to use it herself and himself.

((((((((O)))))))(((((((((O)))))))))

IV.. What is MTP or

Materialization of thought Property ?

Or converting non physical though

To physical body like case of

Talker – hearer in which

By MTP thought or view of the speaker,
(For example inviting for lunch)
Coverts to physical voice.

V.. What is TMP ?

Or thought zation of the matter property
like

The case of hearer in which
Physical voice of the talker coverts to
Non physical content of the voice namely
Invitation.

VI. What is MFP Physics ?

Physics based on
Non physical MFP.

In the same way that we can se, by “ seeing property”

In the same way that we can hear

by “ hearing property etc.

in the same way, human being, can feel different
non physical thoughts in their physical forms like
non physical essence (WVLSFTA etc.) of atom in
physical atom, cell, etc.

Without this property,
will not be anything physical in the universe.

((((((((O)))))))(((((((((O)))))))))

VII.. Mechanic of MFP physics

Related to – uncertainty superposition

Function and leadership of the universe

For being DCDer or

decider, creator, developer in the universe.

Related to the DCD, natural beings are

two different groups ,

A. Those with thinking, awareness, volition, decision aking and acting (TAVDA etc.) properties like

Human being, animals, birds ...

They can think, become aware, make decision and do the decision I that level they can. and

B. Remainder of universe which are without these properties and thereby

Not only they are not any DCDer in their activities, they are not at least aware of their own existence.

This unawareness, is both for

1. physical part of the natural beings and

2. their physics, chemistry ,

biological etc. laws, values, structures, functions etc.

thereby in this part of universe's activities,

there is no place for

uncertainty, superposition, eventuality etc.

The DCDer in this part is MEP who is

100 % of all sciences by which the universe

Is constructed and function

By being 100 % is absolute thought,

By being absolute, there is not any place

For any uncertainty, superposition etc.

Every act in this part of the universe is

Absolute deterministic.

But in the case of other part, namely human being and others, they have thinking , awareness etc. property

Can make decision and act but at last hand,

Not only every individual,

Even all humanity together are

Both physically and intellectually – relative

Thereby , uncertainty, superposition etc. is undeniable

Dimensions I human thinking and acting.

VIII “ MFP “ Societies

a. Physical societies

By using

/ MFP , Matter feeling property

/ physical five senses and

/ Using among others eight properties

Physically,

Human being can have a physical

societies and universe

b. Non physical essence and property societies

By using,

/ TFP, thought feeling property

/ non physical five senses

/ non physical eight properties,

Human being can

/ think non physically (By using non physical

WVLSMFTA & Property of the brain

instead of physical brain), ,

/ become aware non physically,

/ decide Non physically,

/ act non physically (**as it happens for every**

Individual's personality in sleeping time),

For making aimed physical and non
physical changes

Thereby

Have a **non physical**

TFP or thought feeling property,

Of WVLMSFTA & property

society and universe.

4. B Related to quantum physics

I. Uncertainty

Logical Paradox of the uncertainty,

When somebody talks with “certainty” about validity of “uncertainty” and determine that,

uncertainty is a “right view”,

he or she, determines **with certainty**, that,

Uncertainty is a right view.

This determining by certainty,

First of all

negates uncertainty and probability and

becomes **a paradox which negates** or falsifies

uncertainty, probability, and

proves correctness of

“certainty, predictability

something he or she rejects..

II. Human being related to

Uncertainty, unpredictability, randomness

Based on this point that

/ not only everybody even

/ all humanity together are
both intellectually and physically “ relative”,

In this relativity,

They can be certain or uncertain,

They can think, predictable and unpredictable,

They can be determinist or indeterminist

They can base creation on randomness or
determinism

Etc. in their

Intellectual WVLMSFTA and

Physical WVLMSFTA etc.

Thereby

Uncertainty, unpredictability, randomness etc.

Is related to human being. in both
Micro and Macro levels of the universe

There is not any place for
uncertainty, probability, randomness etc.

In this relativity

According to this study,

The way to go is

Discovering WVLMSTFA etc. of every natural being

And thinking, acting and living according to them.

thereby,

innovations no matter intellectual or physical

are man made and not natural scientific.

Result of this irrelevance is,

Human physical, intellectual, social, environmental etc.

Diseases and problems

4. C From denying the Absolute to Evolution

4. C. 1 Denying absolutely

existence of an Absolute
is a paradox which **denies** own view

by **absolutely rejecting** existence of an

absolute and

verifies existence of an absolute
by **absolutely rejecting** existence of
an absolute.

It is same uncertainty paradox in which,

Believer of the uncertainty who

With certainty believe in uncertainty

This view becomes **a paradox** in which

The person **rejects own view** by

Believing **with certainty** in uncertainty and

Verifies the view he or she reject by rejecting with
Certainty existence of uncertainty.

((((((((O)))))))(((((((((O)))))))))

((((((((O)))))))(((((((((O)))))))))

4.C.2 Evolution

Natural Selection and DNA

Gravity , Space time

Mater – Energy

Evolution - DNA etc.

It is the same with

Gravity, space time

Matter – Energy,

They don't have any TAVDA properties for

being a DCDer. Again

not only

they are not any DCDer in function of the universe,

they are not even aware of their existence.

They are only two means for the MEP or the creator for presenting own ideas to the human being.

.....

Practicability of the views is

Existing, functioning but unaware universe.

.....

Three evaluation points

Unimaginability

Living behind present man made societies and
Thinking, talking, looking, acting, living
Natural scientifically, without any man made intellectual and physical WVLMSFTA etc.
is unimaginable but

Undeniability

This is undeniable that man made intellectual

and physical WVLSMFTA etc. are not natural scientific and result of this un – natural scientifically is All human intellectual, physical, social, environmental Etc. diseases and problems.

The only way

Based on undeniability , the only way is the main natural scientific WVLSMFTA etc. and property way.

((((((((O)))))))(((((((((O)))))))
((((((((O)))))))(((((((((O)))))))

4.C.3 Big Bang

For becoming (DCDer)

Decider, Creator, Developer,
the creatures should have,
at least (TAVDA) thinking, awareness, volition,
deciding and acting properties or applications,
like the human . but
the black hole, singularity, the big bang, have
Neither TAVDA properties nor applications,
Nor, seeing, hearing etc. properties.

Is this right, believing in that

the existing universe is made by these
man-made things which,
Absolutely can't think,

Absolutely can't be aware
Absolutely can't decide
Absolutely can't see anything,
Absolutely can't hear something, etc.

In other words,

The Universe is made **by**
“ **Absolute ignorance** “
“**absolute unawareness** “
“ **Absolute blindness** “,
“ **Absolute deafness** “, etc.
Namely the big bang.

Part Four

Natural scientific Home universities In Creation university

Every natural creature is
/ a natural scientific book with
/ its, her, his WVLMSFTA etc. as its content,
/ materialized in physical body of the creature.
Thereby

Libraries

In every point of the universe
/ there are different creatures as
/ different books in it
Which makes the place as a library or home
library for those who living there.

Laboratories

These libraries, are at the same time for
Research on

a.. Thought- ization of matter

Or converting physical body
To non physical WVLMSFTA etc. and
properties

b.. Materialization of the thought

Converting non physical thoughts
To the physical body like all
Human innovation thoughts
In innovated means
And all human activities as
Result of the non physical “ thoughts”

behind them

Chapter five
Natural scientific
Essence (WVLMSFTA et.) and
Property (TAVDA etc.) Societies

((((((((O)))))))(((((((((O)))))))(((((((((O)))))))))

I.. Physical Home Universities related to

MFPS
“ Matter Feeling Property” Societies or
Human Societies with using “ MFP”
Or

Post-Democratic **Physical** Natural Scientific
Essence (software) and Property(application) Societies.

Without man made intellectual and physical means

With the human physical body and the physical universe by

Using MFP or Matter Feeling Property

An replacing example for Chapter five

Natural scientific societies, **without** any man made intellectual and physical innovation means,
Which will be replaced by
natural scientific **discovered** means,
for example, present existing man made internet, will be replaced by,
ca. 8 000 000 000 People non physical " mind " as
Natural scientific internet,
in which,

everybody's " mind " is her or his " website in this internet.

((((((((((O))))))))((((((((((O))))))))

II.. Starting point

Choosing

Natural scientific way of research and living

In the same way that,

the MEP or the Main Essence and Property, or
/ Main WVLMSFTA etc. of the universe and

/ Main TAVDA etc. **affects**
in natural creatures
and makes aimed changes,
without any need to human help of
without any man made means. again

In the same way,

can human being, make changes
in her and his

/ **intellectual body** (sum of every personality's
WVLMSFTA etc. thoughts and

/ **physical body and**

/ do changes in other people and

/ other creatures

Outside her and his body,

Again in the same way which happens

In everyday life,

in human body and the whole universe,

both in **micro** and **macro** levels

(((((O))))))(((O))))))

III. Time's Logic and its development

One of the dimensions of the time is its division into :

past – present -future

In this Logic

always

the present is the future of the past and

the future is as the coming present

This means that,

The present societies are, neither past nor future societies.

This development will continue until
the human enters into
the herself, himself chosen post-democratic,
non-physical essence and property society
without both
a. any man-made, physical or intellectual means and
b. any human and universe physical bodies
in which
there will not be any matter and matter related time.

((((((((O)))))))(((((((((O)))))))))

Unimaginability,

NS societies seem to be unimaginable, but at the
same time,

Undeniable

It is undeniable that man-made things are not NS and
thereby irrelevant to the natural universe. hereby
Present studies based on, only existing man made em-
pirical reality are wrong because,

1. Is not based on the human body's and nature's
Natural scientific empirical reality, and thereby,
Have a wrong basis,
2. Have not any goal specially NS goal, because
They take only existing man made realities,

Thereby

These studies

- a. Has not NS basis,
- b. Has not any NS goal and
- c. Is only a study without NS basis and goal.

The only way,

Because of the invalidity of the man-made intellectual and physical means, will humanity leave behind man-made societies and will enter into the post-democratic or Natural Scientific societies with every home as an home university.

((((((((O)))))))(((((((((O)))))))))

((((((((((((((O))))))))))))))))((((((((((((((((((((O))))))))))))))))))))

About dying

Only physical creatures who or which need water, food, air for living, they will die but not the Individuality, Personality, properties etc. which have not any physical body and have not any need for air, water, food etc.

Non Physical living property and life after physical death

One of the best definitions for “ living property” is “ dead body “ in dead body, Physical body is existing but has not living function, thereby living property should be a “ non physical “ being, thereby, because of “ not being “ physical,

The Non physical personality, will continue, her and his non physical life in a **non physical** natural scientific society.

((((((((((((((O))))))))))))))))((((((((((((((((((((O))))))))))))))))))))

Chapter six

Non Physical Home Universities

Without MFP Societies or

Without Matter Feeling Property, societies or

Post-Democratic

Non-Physical Natural Scientific

Essence and Property Societies

Without both

Man made mean and

Without

human physical body, physical universe.

((((((((((((((((((O))))))))))))))))((((((((((((((((((O))))))))))))))))

I. Non physical and physical in human body

/ physical “ brain,

/ non physical “ Mind “

/ non physical “ personality”

Non physical life of’

Everybody’s “ Mind “ In which,

Neither mind

Nor its contents are physical,
Both of them are non physical.

1. **Physical universe**

related to the Mind : examples

- / Physical body of parents
- / Physical body of a Mobile
- / Physical body of an airplane

2. **Human brain**

A. Physical part of the Brain which

Can be seen, touched physically.

B. Brain's non physical properties or
applications

By which **physical impulses** reached to brain

Converts to non physical thoughts or concepts

For ex.

Impulse from parents, mobile, airplane etc.
converts to

Non physical concept of the parents,

Mobile, airplane etc. and
Saves in non physical Mind.

What is existing in the mind

Neither are physical brain

Nor physical parents, physical mobile,

Physical airplane etc.

Both mind itself and its contents are

Non physical thoughts or concepts etc.,

4. the Mind

Is like an biological USB, in which are all
non physical information collected.

5. Non physical – physical togetherness

One of very strange but very beautiful functions
In the universe is togetherness and cooperation of the

Matter and non matter ,

Like cooperation between

Non physical Mind and physical brain or

Mind with physical body and

Physical universe.

Small summary: Non matter – Matter

Mind and its contents, are

Neither

physical brain

Nor

physical beings like parents, mobile, airplane.

Two different universes :

c. Physical parts belonging to the physical universe

Like physical brain, etc. and

d. Non physical thought, like human mind and its contents belonging to the

Non physical universe.

in this way very easy can we touch

difference between non matter and matter .

((((((((O)))))))(((((((((O)))))))))

II.. Personality’s Different lives

- 1.. physical life
Life with physical body
2. **life without physical body**
in sleeping time.

3. both together

In daily life for example ,, two person are talking each other but suddenly one of them Despite physical presence, is not in talking with other part.

In this case, personality of that individual has Left the physical body and is in other place.

In this case, there are those who say that

It is individual's thoughts or mind which
Has moved to other place,

but according to this study,

/ Human mind and thoughts, have not any
Thinking , awareness, deciding etc.
Properties and thereby,

/ are not aware of
Their own existence,

/ they are different properties or applications

which **are used by personality**

in using the physical body in her or his
activities .

thereby,

human mind, human awareness,
decision making, act etc.

are not by mind, awareness, decision
making etc. properties,

they are including awareness property.

The cause that awareness property is not aware for its own existence is this point, that

it has not among others “ thinking property” for thinking and becoming aware , it gives only awareness to personality of every individual who use thinking property and becomes aware.

((((((((O)))))))(((((((((O)))))))))

III. Non physical life and activities Before Every physical act of the brain

if **some non physical Personality**, for example will talk about something,

1. by using non material “ thinking “ property thinks to do something, ex. talking.
2. by Using non material decision making, property makes a decision ex. talking . by
3. Using non material “ affecting property, for
4. affects in non material talking property or application of the brain and
5. Affects in physical organ of talking and there after
6. non physical personality , talks physically .

Thereby, **physical act of talking is**

result of 5 non - physical acts.

In other words,

Non physical life gives form and function
To the physical life.

This means that even today,

**Every non physical
personality has mainly a
Non physical active life**

((((((((O)))))))))((((((((O)))))))))

IV. MEP's Guiding Leadership not deciding leadership

1. Beings with

among others (TAVDA) etc.

Thinking, awareness, volition, deciding,

acting etc. properties. This group because
of having mentioned property,

they are decider, innovator (not creator) and developer. MEP has a guiding role in this group
MEP shows them result of their activities in their bodies, societies, environment etc.

In this part of the universe,

MEP **shows result** of all human activities in nutrition, political, economic, social, technological, environmental etc. diseases and problems in human body, society and nature.
By this showing, MEP plays “

**Guiding leadership (Like a tourist guide)
not deciding or determining leadership.**

2. Beings without (TAVDA etc.)

This group because of , not having among others mentioned properties,

- a. not only the don't have DCD properties,
- b. they are not aware even of their
existence in this universe.

In this part of the universe,

MEP is, the “ Absolute Decider”.

((((((((O)))))))(((((((((O)))))))))

III.. Practicability

Of these views, is, existing, functioning
But unaware universe.

Falsifying,

Falsifier should prove that
/ there is not any non physical personality
/ there is not any non physical essence or
WVLMSFTA etc. by which physical body is constructed,
/ there is not non physical properties like
TAVDA & DCD by which
Human activities are organized and function.

According to this study,

this falsification “ natural scientifically is impossible,
Because,

- / **without personality**, there will not be any administrator, for organizing, intellectual and physical activities of every individual
- / **Without, non physical WVLMSFTA** etc. there will not be any, construction as cells, different organs and the whole human body.
- / **Without non physical TAVDA & DCD** properties there will not be any activity .

((((((((O)))))))(((((((((O)))))))))

Thereby,

Not only in the past,
Not only in the present time,
Even in future so long human being exists,

 This non physical life

 / has been existed,

 / is existing and

 / will be existed

**This “ existence “ is natural scientifically
 absolutely not falsifiable.**

((((((((((O))))))))((((((((((O))))))))

Three other evaluation basis of views

1. Unimaginability

Establishing natural scientific societies and
living a natural scientific life without
Any human innovated intellectual or physical
means,

 Seems to be unimaginable but

2. Undeniability

 It is undeniable, that
Man made innovations are not
Natural scientific means and
 As it has been mentioned,

In the same way that,

 Not discovered beings, particles, atom,

cell ,human brain, earth, sun and the whole universe, are created and function **without** any human help or man made means or innovations,

In the same way, can humanity

Discover Natural scientific means

and solve all his and her Intellectual, physical, social, technological environmental etc. problems,

Without any need for man made means or innovations.

3.. the only way

The only right way is,

Natural scientific **discovery** way.
