

# Conclusions Of summaries

((((((O)))))))))((((((((((O)))))))))

## Universe View and Future societies

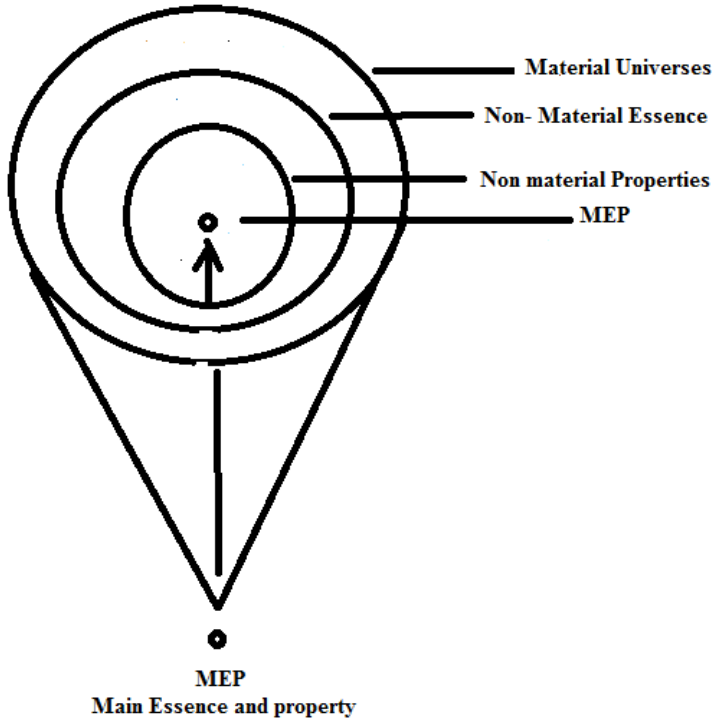

((((((((O)))))))))((((((((((O)))))))))

**To Humanity**  
**as One cell of**  
**this one humanity.**

((((((((O)))))))))((((((((((O)))))))))

# I. What does the Universe consist of ?

## Related to Non-Matter and Matter

As it has been shown ( related to the matter and non – matter) in the following picture consisting parts of the

human body and the Universe are,

1. The Non-Physical MEP or the Main Essence and Property or the Creator who is the absolute **natural** science of the universe.  
The Non-physical essence WVLMSFTA etc. or software of the creatures and the universe by
2. which all natural creatures are constructed
3. The Non-Physical properties (applications ) by which natural creatures have their different functions.
4. The Physical Universe , etc. ( **etc. is for beings which are existing and human is not aware of them** )  
thereby, the views like  
these views that at the last hand, the universe consists of only matter or only energy, are not right.

## II. Non material Thought – and physical Matter

Some examples for developing the point

This study tacks human “ Mind” as an example for developing

Matter and non matter. In which,

Neither mind

Nor its contents are physical,

Both of them are non physical.

### 1. **Physical universe**

related to the Mind : examples

- A. Physical body of parents
- B. Physical body of a Mobile
- C. Physical body of an airplane

### 2. **Human brain**

A. Physical part of the Brain which

Can be seen, touched physically.

B. Brain’s non physical properties or applications

By which **physical impulses** reached to brain

**Coverts** to non physical thoughts or concepts

For ex.

Impulse from parents, mobile, airplane etc.

## **Converts to**

**Non physical concept** of the parents,

Mobile, airplane etc. and

Saves in non physical Mind.

## **What is existing in the mind**

**Neither** are physical brain

**Nor** physical parents, physical mobile,

Physical airplane etc.

Both mind itself and its contents are

Non physical thoughts or concepts etc.,

### **3. the Mind**

Is like an biological USB, in which are all

non physical information collected.

### **4. Non physical – physical togetherness**

One of very strange but very beautiful functions

In the universe is togetherness and cooperation of the  
Matter and non matter ,  
Like cooperation between  
Non physical Mind and physical brain or  
Mind with physical body and  
Physical universe.

**Small summary: Non matter – Matter**

Mind and its contents, are

**Neither** , physical brain

**Nor**

physical beings like parents, mobile, airplane.

**Two different universes :**

- a. Physical parts belonging to the **physical universe**

Like physical brain, etc. and

- b. Non physical thought, like human mind and its contents belonging to the

**Non physical universe.**

in this way very easy can we touch

**difference between non matter and matter .**

**(((((O))))))(((O))))))**

### **III. Existential cause of the Matter**

**MFP is existential cause of the matter**

MFP Or Matter feeling property

By which humanity feels, thoughts

With physical body Like

Thoughts of atom, cell, human brain etc.

In their physical forms like physical atom,

Physical cell, physical brain and universe.

**In the same way that ,**

By seeing property, can we see,

By thinking property, can we think etc.

**In the same way**

By MFP or matter feeling property can

We feel, thoughts in their physical forms.

**So long this function happens “ naturally “**

Without human decision.

But in future natural scientific societies, humanity will be able to use it herself and himself.

#### IV. Intellectual relativity

of everybody and the whole humanity together. This means that, because of this "relativity" what is said by people can be up to 100 % wrong, thereby, the **views presented here** can be up to 100% wrong as well.

-----

Thereby

Relativity of human being

**Not only**, is a **certain point**, it is even a point which **falsifies**

**uncertainty principle in quantum physics etc.**

in addition

**it is even** an absolute point which falsifies

view of

“deniers of existence of any absolute” because

Human being is **certainly and absolutely**

both intellectually and physically **relative**

thereby again this absolute relativity of human

being is

**a paradox** which

**falsifies** uncertainty principle of the quantum

theory and  
**Proves** existence of the “ absolute” which  
uncertainty principle, rejects.

-----

Why despite possibility of being up to 100 %  
wrong views are presented here ?

because

More than , 60 years as a **freelance** researcher I  
have searched in these points and so long they are  
not Natural scientifically falsified  
They will be presented and defended.

((((((((((O))))))))))((((((((((O))))))))))  
((((((((((O))))))))))((((((((((O))))))))))

((((((((((O))))))))))((((((((((O))))))))))

**V. The Nothing point – Something point  
in the creation**

**A. The Nothing point**

In this study, this is the point when  
there were not any existing creatures in the universe,

**B. The Something - point,**

Based on this point that  
the existing universe, in the nothing point of

creation, was not existing, but  
now it is existing, this means  
its existence proves that,

**Before the physical creation of the universe there has  
been**

**An Existing Non – Physical and  
Not-Created "Being"**

Who has created all natural creatures.

**This "Being" as the Creator,  
is the leader who leads the whole uni-  
verse,**

( **except** the activities of Humans and other creatures  
with a thinking brain and properties like  
awareness, deciding etc.).

**This exception is, because of the aim of human crea-  
tion**

which in this study is  
women's and men's development towards  
**relative all knowerness and** thereby  
having, the **relative best possible life**,  
not only on the earth, but **also in the whole  
universe**, beyond the earth.

**The view for human intellectual development is based  
on,**

For avoiding diseases and different problems,  
First of all,

1. should everybody know, her and his body natural scientifically
2. should know, nature natural scientifically,

development of these sciences is towards  
“ relative all knowerness of every healthy individual.

((((((((O)))))))(((((((((O)))))))))

## **VI. MEP in this study**

**MEP = Main Essence and Property = Creator**

((((((((O)))))))(((((((((O)))))))))

For making the MEP easier for understanding, study begins with human innovations in which

### **A. Essence**

Every human innovation, has different constructional non physical intellectual dimensions. Among others ( WVLMSFTA) etc. or will, value law, mathematics, structure, function, technology, aim etc. by which innovated thing is constructed and

### **B. Properties**

or intellectual application thoughts by which different innovated things have their different

functions.

### C. Innovation Essence and properties

These Essence and property by which ,

Innovated things are innovated and have different functions , are not

intellectual essence and properties, in innovator's brain

Which are **the main essence and properties,**

They are a copy of the innovator's thoughts in essence and properties of – innovated things.

Because after innovation, essence and properties in the brain of the innovator, has not disappeared, they remain in the brain of the innovator as the **main form.**

### D. Creation's Essence and properties in which

/ Every natural being has its, her, his own intellectual

**Constructional thoughts** as **Essence** and

**Functional thoughts** as **properties.**

These natural beings essences and properties

**are a copy of the MEP who is**

**the Main Essence and property.**

There are endless essences and properties in the universe but , related to the Main essence and property, they have been mentioned in singular form because there is only one MEP in the whole endless universe

(((((((O)))))))((((((((O)))))))))

## **VII.. Position of the Energy and matter in the universe activities**

$$E = mc^2$$

**This point is taken here, in relation to those who directly or indirectly, take the energy, mass, matter as DCDer or Decider, Creator, Developer.**

**No one of E, M, C , 2 including their “ = “**

**Neither is,**

**Nor has,**

/ any thinking property,

/ any understanding property,

/ any awareness property,

/ any decision making property

/ any acting property etc.

any properties which are needed for or being an acting individual **thereby,**

**no one of E, M, C, 2, including their “ = “**

**with whatsoever definition,**  
**not only** is not and all together,  
are not, any DCDer in the function of the universe,  
**even,** they are not aware of their existence.

Based on this point that,  
the universe is existing and functioning but both  
/ the universe in its general form and  
/ E,M,C,2, in its energy producing formula,  
are not aware of their existence,  
There must be a DCDer behind the functioning universe,  
a DCDer, who is  
the MEP, the Main Essence and Property of the universe.

(((((((O)))))))((((((((O)))))))))

## VIII. **Big Bang**

For becoming ( DCDer )

Decider, Creator, Developer,  
the creatures should have,

**at least** ( TAVDA ) thinking, awareness, volition,  
deciding and acting properties or applications,  
like the human . but

the black hole, singularity, the big bang, have

**Neither** TAVDA properties nor applications,

**Nor,** seeing, hearing etc. properties.

**Is this right, believing in that**

**the existing universe is made by** these  
man-made things which,

**(Man made interpretations of what researchers see or think about)**

Absolutely can't think,  
Absolutely can't be aware  
Absolutely can't decide  
Absolutely can't see anything,  
Absolutely can't hear something, etc.

**In other words,**

The Universe is made **by**  
“ **Absolute ignorance** “  
“ **absolute unawareness** “  
“ **Absolute blindness** “,  
“ **Absolute deafness** “, etc.  
**Namely the big bang.**

((((((((O)))))))(((((((((O)))))))))

**IX. Universe View and future societies**

**The MEP'S (the Creator's)or  
The Main Essence and Property's  
Natural Scientific**

**A. “Guiding” Leadership**

**Not “Deciding “ Leadership for beings,  
with thinking, awareness etc. properties**

**B. Deterministic leadership for beings**

## XI. Starting point

### **In the same way that,**

the whole **natural** universe including human being has been created, **without** any human help or any man made innovation

### **In the same way, can**

The whole universe be studied “ natural scientific” **without** any man made laws, values, mathematic, technologies, aims etc. thereby

**So long studies** are not without any human innovated intellectual and physical means **are not creation aimed natural scientific studies.**

## **Start point related to among others**

**By**

**Home univertisation of “  
Cities, vilsges etc.**

- a. Laws to follow  
Natural scientific  
Individual, Social, Environmental  
( WVLMSFTA etc. and properties of  
every natural creature .
- b. Natural scientific jobs
- c. Natural scientific Living and  
Natural scientific co – relation  
With

### **1. Own body**

2. Other people,
3. Other natural creaturesd. etc.

**Part four of the study is about home univer-  
tisation of homes, even  
the whole rarth and the whole universe)**

### **Time's Logic and its development**

One of the dimensions of the time is its division into :  
past – present -future

In this Logic

always

the present is the future of the past and  
the future is as the coming present

This means that,

**The present societies are,  
neither past nor future societies.**

This development will continue until

the human enters into  
the herself, himself chosen post-democratic,  
**non-physical essence and property society**  
without both

**a. any man-made, physical or intellectual means and**

**b. any human and universe physical bodies**

in which

**there will not be any matter and matter related time.**

**(((((((O)))))))((((((((O)))))))))**

## **Part One**

### **Chapter one : Leadership**

### **Chapter two: Personality**

((((((((0)))))))(((((((((0)))))))))

#### **Emphasizing point**

Nothing is analyzed in this book ideologically,  
Everything is analyzed for being

**Natural scientific ( NS ) or Man made**

((((0)))))))(((((((((0)))))))))

### **Chapter one:**

#### **I. Leadership**

#### **Three different Leaderships**

- 1. A Man-made Leaderships  
Among others democratic leadership
- 1. B Religious Leaderships
- 1. C Natural Scientific Leadership

((((((((O)))))))(((((((((O)))))))))

**Based on**

**1. human body's and universe's**

**Natural** Scientific construction and function and

Thereby

**Natural scientific Leadership**

**2. existing diseases and damages** in human

body and environment,

**which proves that**

Man made, WVLSMFTA etc. and

Man made TAVDA etc. properties

**Are irrelevant to human body and environment**

((((((((O)))))))(((((((((O)))))))))

**Starting point**

**In the same way that**

the whole universe is created

without any human help or

any human innovated means,

**In the same way**

**Creation has its own individual, social  
environmental etc. (WVLSMFTA etc.**

and Can the whole universe be researched  
and problems be solved,

Without man made intellectual and physical  
innovations.

((((((((O)))))))(((((((((O)))))))))

### **Five different empirical realities**

1. **Man made” empirical realities** Present existing societies with man made intellectual and physical means
2. **Development dynamic** or actual empirical reality which changes man made intellectual and social changes towards, natural scientific societies.
3. **Relative Natural scientific realities** or what human being understands from creation. Because of human intellectual relativity, these views are “relative “ natural scientific realities
4. **“Actual”** natural scientific reality. Which is a copy of

## **5. Main Non physical empirical reality**

Or

**the Main Essence and property=**

**MEP = Creator**

**Thereby**

Present man made societies with man made leaderships are not natural scientific and again irrelevant to the natural scientific societies with natural scientific leadership.

---

**Chapter two**

**Non Matter – Matter in human body and universe**

## 1. among endless others

**Four different non physical and physical  
Parts of the human body and universe**

- A. Physical part
- B. Non physical essence ( WVLMSFTA etc.) by which every natural being is designed and constructed.
- C. Properties, or applications, by which every being has different activities.in the case of human being Thinking, awareness, decision making etc. Properties.
- D. MEP or Main Essence and property**

((((((((O)))))))(((((((((O)))))))))

## **II. Human mind – as example for Physical - non physical parts**

Human Mind itself and its contents, are

**Neither**

physical brain

**Nor**

physical beings like parents, mobile, airplane.

In the brain and mind.

### **Two different universes :**

- a. Physical parts belonging to the physical universe

Like physical brain, etc. and

- b. Non physical thought, like human mind and its contents belonging to the

Non physical universe.

in this way very easy can we touch

**difference between non matter and matter .**

((((((((O)))))))(((((((((O)))))))))

((((((((O)))))))(((((((((O)))))))))

#### **IV. Personality leadership**

As in **everybody's or individual's**

**Leadership property or application which**

uses, among others, TAVDA, properties, and the body in everyday activities. as a result

**neither**, the physical part of the brain

**nor** the non-physical essence or bio. software of the brain,

play any DCDer ( deciding, creating, developing ) role in the function of the brain and body, thereby again

**the Decider** ( even for using the deciding property, the deciding property can't itself start and make a decision) for

**Using**

the brain and body in human activities-  
it is every individual's

**non-material Personality**

that uses the decision making and acting properties.

In the post-democratic natural scientific societies,  
personality will use the  
physical body as a **NS laboratory** for  
searching information about the body, nutrition  
articles and nature, these are  
**a natural scientific encyclopedia** of  
the creation in daily life, Because every physical natural creature is,

a written book which is a materialized

**(Converted to matter) form**

**of the MEP's thoughts** written with  
a NS alphabet in a NS language etc. for teaching  
NS researchers the creation subjects for

**a NS life, by**

**Thinking NS, Looking NS, Working NS and  
Living like NS researchers.**

((((((((O)))))))(((((((((O)))))))))

#### IV. Personality's Different lives

- 1.. physical life  
Life with physical body
2. **life without physical body**  
in sleeping time.
3. **both together**

In daily life for example ,, two person are talking each other but suddenly one of them  
Despite physical presence, is not in talking with other part.  
In this case, personality of that individual has  
Left the physical body and is in other place.

((((((((O)))))))(((((((((O)))))))))

#### V. Starting point

.

##### **In the same way that,**

the whole **natural** universe including human being  
has been created, **without** any human help or any  
man made innovation

##### **In the same way, can**

The whole universe be studied “ natural scientific”  
**without** any man made laws, values, mathematic,  
technologies, aims etc. thereby

**So long studies** are not without any human innovated intellectual and physical means **are not creation aimed natural scientific studies.**

## **VI. Five different Natural scientific Empirical realities**

### **Five different empirical realities**

1. **Man made” empirical realities** Present existing societies with man made intellectual and physical means
2. **Development dynamic** or actual empirical reality which changes man made intellectual and social changes towards, natural scientific societies.
3. **Relative Natural scientific realities** or what human being understands from creation. Because of human intellectual relativity, these views are “relative “ natural scientific realities
4. **“Actual”** natural scientific reality. Which is a copy of
5. **Main Non physical empirical reality**

Or

**the Main Essence and property=**

**MEP = Creator**

## Thereby

Present man made societies with man made leaderships are not natural scientific and again irrelevant to the natural scientific societies with natural scientific leadership.

---

### Present General

/ society,  
/ personality and  
/ empirical reality

is in the first man made empirical reality But development dynamic or actual empirical reality is changing it towards the third one namely “ relative natural scientific empirical reality.

((((((((O)))))))(((((((((O)))))))))

### VII. Aim of human creation

Based on , trying and knowing own body,  
Nutrition articles, natural beings leads - to  
More and more natural scientific knowledge.

Thereby

One of the first aims of human creation is  
Natural scientific development of every  
Individual .

**Towards relative all knowerness,  
“ Relative” because human being is  
relative and newer can be “absolute” perfect.**

((((((((O)))))))(((((((((O)))))))))

## Part two

### Chapter three : technology

((((((((((O))))))))((((((((((O))))))))

**Based on human intellectual, social, technological development**

**In the same way that humanity had**

**“ Pre “ industrial revolution technology  
Industrial revolution technology**

**In the same way will have**

**“ Post “ Industrial revolution technology**

((((((((((O))))))))((((((((((O))))))))

#### **I. Starting point**

**In the same way that**

the whole universe is created  
without any human help or

any human innovated means,

## In the same way

Can the whole universe be  
searched and problems can be solved,

Without man made intellectual and physical  
innovations.

((((((((((O))))))))((((((((((O))))))))

## II. Time's Logic and its development

One of the dimensions of the time is its division into :  
past – present -future

In this Logic

always

the present is the future of the past and  
the future is as the coming present

This means that,

**The present societies are,  
neither past nor future societies.**

This development will continue until

the human enters into  
the herself, himself chosen post-democratic,  
**non-physical essence and property society**  
without both

- a. any man-made, physical or intellectual means and
- b. any human and universe physical bodies

in which  
there will not be any matter and matter related time.

((((((((((O)))))))))(((((((((((O))))))))))

### III. Natural scientific – post democratic societies

Human intellectual and social development

Will leave behind

All man made and establish more and more  
Natural scientific societies among others

#### A.. By searching more and more about human body ,

1. human being knows more and more about

human body, thereby

2. becomes aware and more about mistakes and their  
results, different diseases **because of**

following man made (WVLSMFTA etc.) and

3. tries replace man made (WVLSMFTA etc.)

With natural scientific (WVLSMFTA etc.)

Hereby goes from **man made**,

thinking, talking, acting living etc. (TTAL) to

the natural scientific (TTAL) etc.

## **B. knowing more and more environment**

It is the same I relation to the environment .

Humanity is **replacing** man made

( WVLMSFTA etc.) and (TTAL) etc. with

Natural scientific one.

((((((((O)))))))(((((((((O)))))))))

## **IV. Human innovations as a bridge**

**Between present societies and**

**Future natural scientific societies.**

In process of leaving behind immediately ,man makes  
and replacing them with the natural scientific one,

Is it neither, rational nor possible  
( Specially in hospitals) .

**They should be used as a bridge** between preset  
societies and future's natural scientific societies.

((((((((O)))))))(((((((((O)))))))))

## **V. The Creation does not lack anything,**

Based on 100 % of sciences which has constructed and

Given function, to universe,  
And because of being 100 %  
is perfect,  
The creation doesn't lack anything.

**But ,**

Instead of trying for “ discovering” needed means  
and technologies etc. human being goes “ innovation  
way. Again but

- 1) **Man-made technological WVLSFTA etc.  
are not Natural Scientific WVLSFTA etc.**
- 2) **The human body's Properties** as different means  
and applications for  
human intellectual and physical activities  
are not NS too.  
Human intellectual, technological etc. development  
Will leave behind man made societies and  
Will enter NS societies without man made technology  
etc.

((((((((O)))))))(((((((((O)))))))))

**In the same way that**

- a. all human properties are created  
**without** any human or  
any man-made means,
- b. all creation activities, all the time are  
**without** any human help or man-made means

**In the same way**

The human can do all her or his activities  
without any man-made means

**For example**

Flying without airplanes,  
both **with** the physical body and  
**without** the physical body by  
everybody's Non-physical Personality.

(((((((O)))))))((((((((O)))))))

**Practicability** of the view is  
Existing and functioning universe  
Which is created and functions  
Without any human help and  
Without any man made means

**Falsification** of the view by

Falsifying the view by proving that  
Without human intellectual help or physical innovated  
means the universe could not exists and function..  
A prove which is absolutely , natural scientifically im-  
possible because the universe and body of everybody  
Has been existed before she or he becomes aware of her

And his existence in this universe.

### **Three evaluation points of the views**

#### **Unimaginability**

Living behind present man made societies and

Thinking, talking, looking, acting, living

Natural scientifically, without any man made intellectual and physical WVLSMFTA etc. is unimaginable but

#### **Undeniability**

This is undeniable that man made intellectual and physical WVLSMFTA etc. are not natural scientific and result of this un – natural scientifically is all human intellectual, physical, social, environmental etc. diseases and problems.

#### **The only way**

Based on undeniability , the only way is the main natural scientific WVLSMFTA etc. and property way.

((((((((O)))))))(((((((((O)))))))))

## Part Three : Chapter Four

((((((((O)))))))(((((((((O)))))))))

**Intellectual Relativity  
of everybody and the whole humanity together  
and  
based on this relativity, every view is relative and  
thereby can be up to 100 % wrong.  
Views mentioned in this book is not any exception  
namely can be up to 100 % wrong.**

((((((((O)))))))(((((((((O)))))))))

((((((((O)))))))(((((((((O)))))))))

### **I. What is thought and Its existential cause ?**

In this study

**Every non-physical concept,  
Every non-physical view,  
Every understanding etc.**

Existential cause of the thought

In the case of thinking brain having creatures like human being is her , his “ thinking Property” and

In the case of creature without thinking brain, is MEP or the main essence and property.

## **What is Matter and**

### **Its existential cause ?**

Every thing with physical body is matter and

Its existential cause is MFP, or Matter feeling property in other words,

in the same way that human being can see by seeing property, can hear by hearing property etc.

In the same way human being can feel non physical thoughts with physical body.

((((((((O)))))))(((((((((O)))))))))

## **II. Universe related to**

### **DCDer or decider, creator, developer**

Creatures with ( TAVDA) thinking , awareness, volition, deciding and acting properties can be DCDer

Like human being. Remainder of universe without TAVDA not only they can't be DCDer, they are not even aware of their own existence in this universe because they don't hse thinking property etc.

In this case DCDer is the MEP or Main Essence and Property or the Creator.

((((((((0)))))))(((((((((0)))))))))

### III. Big Bang related to thee DCDer

For becoming ( DCDer )

Decider, Creator, Developer,  
the creatures should have,

**at least** ( TAVDA) thinking, awareness, volition,  
deciding and acting properties or applications,  
like the human . but

the black hole, singularity, the big bang, have  
**Neither** TAVDA properties nor applications,

**Nor**, seeing, hearing etc. properties.

**Is this right, believing in that**

**the existing universe is made by** these  
man-made things which,

**(Man made interpretation of what re-  
searchers see or think about)**

Absolutely can't think,

Absolutely can't be aware

Absolutely can't decide

Absolutely can't see anything,

Absolutely can't hear something, etc.

**In other words,**

The Universe is made **by**

“ Absolute ignorance “  
“absolute unawareness “  
“ Absolute blindness “,  
“ Absolute deafness “, etc.  
Namely the big bang.

((((((((O)))))))(((((((((O)))))))))

#### IV. Five different empirical realities

1. **Man made” empirical realities** Present existing societies with man made intellectual and physical means
2. **Development dynamic** or actual empirical reality which changes man made intellectual and social changes towards, natural scientific societies.
3. **Relative Natural scientific realities** or what human being understands from creation. Because of human intellectual relativity, these views are “ relative “ natural scientific realities
4. **“Actual”** natural scientific reality. Which is a copy of
5. **Main Non physical empirical reality**

Or

**the Main Essence and property=**

**MEP = Creator**

---

((((((((O)))))))(((((((((O)))))))))

## **Part Four**

### **Natural scientific Home universities In Creation university**

Every natural creature is  
/ a natural scientific book with  
/ its, her, his WVLSMFTA etc. as its content,  
/ materialized in physical body of the creature.  
Thereby

### **Libraries**

In every point of the universe

/ there are different creatures as  
/ different books in it

Which makes the place as a library or home  
library for those who living there.

### Laboratories

These libraries, are at the same time for  
Research on

#### a.. Thought- ization of matter

Or **Converting** physical body  
To non physical WVLMSTFA etc. and  
properties

#### b.. Materialization of the thought

**Converting** non physical  
thoughts  
To the physical body like all  
Human innovation thoughts  
In innovated means  
And all human activities as  
Result of the non physical “ thoughts”  
behind them

(((((((O)))))))(((((O)))))(((((O)))))

### Chapter five

### Chapter six

(((((((O)))))))((((((((O)))))))(  
(((((((O)))))))((((((((O)))))))(

## Chapter five

### Natural scientific Essence ( WVLMSFTA et.) and Property ( TAVDA etc. ) Societies

(((((((O))))))(((((((O))))))(((((((O))))))

#### I.. Physical Home Universities related to

**MFPS**

**“ Matter Feeling Property” Societies or  
Human Societies with using “ MFP”**

**Or**

Post-Democratic **Physical** Natural Scientific  
Essence (software ) and Property( application) Societies.

**Without** man made intellectual and physical means

**With** the human physical body and the physical uni-  
verse by

**Using** MFP or Matter Feeling Property

#### **An replacing example for Chapter five**

Natural scientific societies, **without** any man made  
intellectual and physical innovation means,

Which will be replaced by  
natural scientific **discovered** means,

for example, present existing man made internet, will be replaced by,  
ca. 8 000 000 000 People non physical " mind " as  
Natural scientific internet,  
in which,  
everybody's " mind " is her or his " website in this internet.

((((((((O)))))))(((((((((O)))))))))

## II.. Starting point

**Choosing  
Natural scientific way of research and living**

**In the same way that,**

the MEP or the Main Essence and Property, or  
/ Main WVLMSFTA etc. of the universe and

/ Main TAVDA etc. **affects**

in natural creatures  
and makes aimed changes,

**without** any need to human help of  
**without** any man made means. again

**In the same way,**

can human being, make changes  
in her and his

/ **intellectual body** (sum of every personality's  
WVLMSFTA etc. thoughts and

/ **physical body and**

/ do changes in other people and

/ other creatures

Outside her and his body,  
Again in the same way which happens  
In everyday life,  
in human body and the whole universe,  
both in **micro** and **macro** levels

((((((((O)))))))(((((((((O)))))))))

### III. Time's Logic and its development

One of the dimensions of the time is its division into :  
past – present -future

In this Logic

always

the present is the future of the past and  
the future is as the coming present

This means that,

**The present societies are,  
neither past  
nor future societies.**

This development will continue until

the human enters into  
the herself, himself chosen post-democratic,  
**non-physical essence and property society**  
without both

- a. any man-made, physical or intellectual means and**
- b. any human and universe physical bodies**

in which  
**there will not be any matter and matter related time.**

((((((((O)))))))(((((((((O))))))))

**Unimaginability,**

NS societies seem to be unimaginable, but at the same time,

**Undeniable**

It is undeniable that man-made things are not NS and thereby irrelevant to the natural universe. hereby

**Present studies based on, only existing man made** empirical reality are wrong because,

1. Is not based on the human body's and nature's Natural scientific empirical reality, and thereby,

Have a wrong basis,

2. Have not any goal specially NS goal, because They take only existing man made realities, Thereby

These studies

- a. Has not NS basis,
- b. Has not any NS goal and
- c. Is only a study without NS basis and goal.

**The only way,**

Because of the invalidity of the man-made intellectual and physical means, will humanity leave behind man-made societies and will enter into the post-democratic or Natural Scientific societies with every home as an home university.

((((((((O)))))))(((((((((O))))))))

((((((((((((((O))))))))))))))))((((((((((((((((((O))))))))))))))))

## About dying

Only physical creatures who or which need water, food, air for living, they will die but not the Individuality, Personality, properties etc. which have not any physical body and have not any need for air, water, food etc.

### **Non Physical living property and life after physical death**

One of the best definitions for “ living property” is “ dead body “ in dead body, Physical body is existing but has not living function, thereby living property should be a “

non physical “ being, thereby, because of “ not being “  
physical,  
The Non physical personality, will continue, her and his  
non physical life in a **non physical** natural scientific  
society.

((((((((((((((O))))))))))))))))((((((((((((((((((O))))))))))))))))

## Chapter six

### Non Physical Home Universities

Without MFP Societies or

Without Matter Feeling Property, societies or

## Post-Democratic

**Non-Physical** Natural Scientific  
Essence and Property Societies

**Without** both

**Man made mean and**  
**Without**  
**human physical body, physical universe.**

((((((((((((((((((O))))))))))))))))((((((((((((((((((O))))))))))))))))

**I. Non physical and physical in human body**

- / **physical “ brain,**
- / **non physical “ Mind “**
- / **non physical “ personality”**

**Non physical life of**

**Everybody’s “ Mind “** In which,  
**Neither** mind

**Nor** its contents are physical,

Both of them are non physical.

**1. Physical universe**

related to the Mind : examples

- / Physical body of parents
- / Physical body of a Mobile
- / Physical body of an airplane

## 2. Human brain

A. Physical part of the Brain which

Can be seen, touched physically.

B. Brain's non physical properties or

applications

By which **physical impulses** reached to brain

**Converts** to non physical thoughts or concepts

For ex.

Impulse from parents, mobile, airplane etc.

**Converts** to

**Non physical concept** of the parents,

Mobile, airplane etc. and

Saves in non physical Mind.

**What is existing in the mind**

**Neither** are physical brain

**Nor** physical parents, physical mobile,

Physical airplane etc.

**Both mind itself and its contents are**

**Non physical thoughts or concepts etc.,**

**4. the Mind**

Is like an biological USB, in which are all  
non physical information collected.

**5. Non physical – physical togetherness**

One of very strange but very butiful functions

In the universe is togetherness and cooperation of the

Matter and non matter ,

Like cooperation between

Non physical Mind and physical brain or

Mind with physical body and

Physical universe.

**Small summary: Non matter – Matter**

Mind and its contents, are

**Neither**

physical brain

**Nor**

physical beings like parents, mobile, airplane.

### **Two different universes :**

c. Physical parts belonging to the physical universe

Like physical brain, etc. and

d. Non physical thought, like human mind and its contents belonging to the

Non physical universe.

in this way very easy can we touch

**difference between non matter and matter .**

((((((((O)))))))(((((((((O)))))))))

### **II.. Personality's Different lives**

1.. physical life

Life with physical body

**2. life without physical body**

**in** sleeping time.

**3. both together**

In daily life for example ,, two person are talking each other but suddenly one of them Despite physical presence, is not in talking with other part.

In this case, personality of that individual has  
Left the physical body and is in other place.

**In this case**, there are those who say that

It is individual's thoughts or mind which  
Has moved to other place,

**but according to this study,**

/ Human mind and thoughts, have not any  
Thinking , awareness, deciding etc.  
Properties and thereby,

/ are not aware of  
Their own existence,

/ they are different properties or applications

which **are used by personality**  
in using the physical body in her or his  
activities .

thereby,

human mind, human awareness,  
decision making, act etc.

**are not** by mind, awareness, decision  
making etc. properties,

**they are** including awareness property.

The cause that awareness property is not aware for its  
own existence is this point, that

it has not among others “ thinking property” for thinking  
and becoming aware , it gives only awareness to person-  
ality of every individual who use thinking property and  
becomes aware.

((((((((O)))))))(((((((((O)))))))))

### **III. Non physical life and activities Before Every physical act of the brain**

if **some non physical Personality**, for example will talk about something,

1. by using non material “ thinking “ property thinks to do something, ex. talking.
2. by Using non material decision making, property makes a decision ex. talking . by
3. Using non material “ affecting property, for
4. affects in non material talking property or application of the brain and
5. Affects in physical organ of talking and there after
6. non physical personality , talks physically .

Thereby, **physical act of talking is**

**result of 5 non - physical acts.**

In other words,

**Non physical life gives form and function  
To the physical life.**

**This means that even today,**

**Every non physical  
personality has mainly a**

# Non physical active life

((((((((O)))))))(((((((((O)))))))))

## IV. MEP's Guiding Leadership not deciding leadership

### 1. Beings with

among others ( TAVDA) etc.

Thinking, awareness, volition, deciding,

acting etc. properties. This group because  
of having mentioned property,

they are decider, innovator ( not creator) and  
developer. MEP has a guiding role in this group

MEP shows them result of their activities in  
their bodies, societies, environment etc.

**In this part of the universe,**

MEP **shows result** of all human activities

in nutrition, political, economic, social, technological, environmental etc. diseases and problems in human body, society and nature. By **this showing**, MEP plays “**Guiding leadership ( Like a tourist guide ) not deciding or determining leadership.**”

## 2. Beings without ( TAVDA etc.)

This group because of , not having among others mentioned properties,

- a. not only the don't have DCD properties,
- b. they are not aware even of their existence in this universe.

**In this part of the universe,**

**MEP is, the “ Absolute Decider”.**

((((((((O)))))))(((((((((O)))))))))

## III.. Practicability

Of these views, is, existing, functioning  
But unaware universe.

**Falsifying,**

Falsifier should prove that  
/ there is not any non physical personality  
/ there is not any non physical essence or  
WVLMSFTA etc. by which physical body is constructed,  
/ there is not non physical properties like  
TAVDA & DCD by which  
Human activities are organized and function.

**According to this study,**

this falsification “ natural scientifically is impossible,  
Because,

- / **without personality**, there will not be any administrator, for organizing, intellectual and physical activities of every individual
- / **Without, non physical WVLMSFTA** etc. there will not be any, construction as cells, different organs and the whole human body.
- / **Without non physical TAVDA & DCD** properties there will not be any activity .

((((((((O)))))))(((((((((O))))))))

**Thereby,**

Not only in the past,  
Not only in the present time,  
Even in future so long human being exists,  
This non physical life  
/ has been existed,  
/ is existing and

/ will be existed

**This “ existence “ is natural scientifically  
absolutely not falsifiable.**

((((((((O)))))))(((((((((O)))))))))

### **Three other evaluation basis of views**

#### **1. Unimaginability**

Establishing natural scientific societies and  
living a natural scientific life without  
Any human innovated intellectual or physical  
means,

Seems to be unimaginable but

#### **2. Undeniability**

It is undeniable, that  
Man made innovations are not  
Natural scientific means and  
As it has been mentioned,

#### **In the same way that,**

Not discovered beings, particles, atom,  
cell ,human brain, earth, sun and the whole  
universe, are created and function  
**without** any human help or man made  
means or innovations,

#### **In the same way, can humanity**

**Discover Natural scientific means**  
and solve all his and her  
Intellectual, physical, social, technological

environmental etc. problems,  
**Without** any need for man made means or  
innovations.

**3.. the only way**

The only right way is,  
Natural scientific **discovery** way.
