((((((((((O))))))))))((((((((((O))))))))))

1. The Intellectual Relativity

of everybody and the whole humanity together.
This means that, because of this " relativity"
what is said by people can be up to 100 % wrong,
thereby, the **views presented here** can be up to
100% wrong as well.

Thereby
Relativity of human being
Not only , is a **certain** point, it is even a point
which **falsifies**
uncertainty principle in quantum physics etc.
in addition
it is even an absolute point which falsifies
view of
“ deniers of existence of any absolute “ because
Human being is **certainly and absolutely**
both intellectually and physically **relative**
thereby again this absolute relativity of human
being is
a paradox which
falsifies uncertainty principle of the quantum
theory and
Proves existence of the “ absolute” which
uncertainty principle, rejects.

Why despite possibility of being up to 100 %
wrong views are presented here ?

because

More than , 60 years as a **freelance** researcher I
have searched in these points and so long they are
not Natural scientifically falsified
They will be presented and defended.

((((((((O)))))))(((((((((O)))))))))

2. Starting point

In the same way that,

the whole natural universe including human being has
been created, without any human help or any man made
innovation

In the same way,

The whole universe can be studied “ natural scientific”

without any man made

laws, values, mathematics,
technologies, aims etc.

.....

(here aim of two withouts **is not**

Without human engagement, It is rather,

without **Human interference,** in

“ natural scientific function of the natural beings

by

1. man made (WVLMSFTA etc. and
 - 2- man made means among others like
- Double - slit experiment, in quantum mechanics
 - CERN activities,
 - researches in hospitals with man made
- intellectual and physical means.

Otherwise,

Every human being should take part in researches and studies for her and his general natural scientific development.

.....

thereby

So long studies are not without any human innovated intellectual and physical means

they are not creation aimed natural scientific studies, like

- Like CERN particle accelerator, activities, or
- bubble slit experiment in quantum mechanics or
- studies in hospitals with man made means etc.)

Empirical realities made by man made means

are not natural scientific realities thereby

their studies are not natural scientific studies

they are man made studies with

man made intellectual and physical innovations.

Based on the point that, the universe is created without any man made means or help and

Therefore the universe can be searched without any man made means,

This study , follows the nature and search without any man made means.

((((((((O)))))))(((((((((O)))))))))

3. Position of the Energy and matter in the universe activities

$$E = mc^2$$

This point is taken here, in relation to those who directly or indirectly, take the energy, mass, matter as DCDer or Decider, Creator, Developer.

No one of E, M, C , 2 including their “ = “

Neither is,

Nor has,

/ any thinking property,

/ any understanding property,

/ any awareness property,

/ any decision making property

/ any acting property etc.

any properties which are needed for or being an acting individual **thereby,**

no one of E, M, C, 2, including their “ = “

with whatsoever definition,

not only is not and all together,

are not, any DCDer in the function of the universe,

even, they are not aware of their existence.

Based on this point that,

the universe is existing and functioning but both
/ the universe in its general form and
/ E,M,C,2, in its energy producing formula,
are not aware of their existence,
There must be a DCDer behind the functioning universe,
a DCDer, who is
the MEP, the Main Essence and Property of the universe.

**Visualisation of
Different non physical Essence - dimen-
sions of
Every natural being
Materialised
in
physical beings**

((((((((((((((((((O))))))))))))))))((((((((((((((((((O))))))))))))))))

Neither Matter nor Energy themselves

(because of not having any TAVDA and DCD properties)

never have been the cause of any change in the universe.

They are only two means for the MEP in

Presenting (its, her, his) thoughts by creating different beings.

(((((((O)))))))((((((((O)))))))

4. Non material Thought – Matter

Some examples for developing the point

This study tacks human “ Mind” as an example for developing

Matter and non matter. In which,

Neither mind

Nor its contents are physical,

Both of them are non physical.

i. Physical universe

related to the Mind : examples

A. Physical body of parents

B. Physical body of a Mobile

C. Physical body of an airplane

II. Human brain

A. Physical part of the Brain which

Can be seen, touched physically.

B. Brain's non physical properties or

applications

By which **physical impulses** reached to brain

Converts to non physical thoughts or

concepts

For ex.

Impulse from parents, mobile, airplane etc.
converts to

Non physical concept of the parents,

Mobile, airplane etc. and

Saves in non physical Mind.

What is existing in the mind

Neither are physical brain

Nor physical parents, physical mobile,

Physical airplane etc.

Both mind itself and its contents are

Non physical thoughts or concepts etc.,

III. the Mind

Is like an biological USB, in which are all

non physical information collected.

IV. Non physical – physical togetherness

One of very strange but very beautiful
functions

In the universe is togetherness and cooperation of the

Matter and non matter ,

Like cooperation between

Non physical Mind and physical brain or

Mind with physical body and

Physical universe.

Small summary: Non matter – Matter

Mind and its contents, are

Neither

physical brain

Nor

physical beings like parents, mobile, airplane.

In the brain

Two different universes :

- a. Physical parts belonging to the physical universe

Like physical brain, etc. and

- b. Non physical thought, like human mind and its contents belonging to the

Non physical universe.

in this way very easy can we touch

difference between non matter and matter .

((((((((O)))))))(((((((((O)))))))

5. MEP in this study

MEP = Main Essence and Property = Creator

((((((((O)))))))(((((((((O)))))))

For making the MEP easier for understanding, study begins with human innovations in which

A. **Essence**

Every human innovation, has different constructional non physical intellectual dimensions. Among others (WVLMSFTA) etc. or will, value law, mathematics, structure, function, technology, aim etc. by which innovated thing is constructed and

B. **Properties**

or intellectual application thoughts by which different innovated things have their different functions.

C. **Innovation Essence and properties**

These Essence and property by which ,
Innovated things are innovated and have different functions , are not
intellectual essence and properties, in innovator's brain
Which are **the main essence and properties,**
They are a copy of the innovator's thoughts in

essence and properties of – innovated things.

Because after innovation, essence and properties in the brain of the innovator, has not disappeared, they remain in the brain of the innovator as the **main form**.

D. **Creation's Essence and properties** in which

/ Every natural being has its, her, his own intellectual

Constructional thoughts as **Essence** and

Functional thoughts as **properties**.

These natural beings essences and properties

are a copy of the MEP who is

the Main Essence and property.

There are endless essences and properties in the universe but , related to the Main essence and property, they have been mentioned in singular form because there is only one MEP in the whole endless universe

Universe View and future societies

((O))))))))))))))))))))))))))))))

The MEP'S (the Creator's)or

**The Main Essence and Property's
Natural Scientific**

- A. "Guiding" Leadership,
Not "Deciding" Leadership for beings with
thinking, awareness etc. properties**
- B. Deterministic leadership for beings
Without thinking, awareness etc.
properties**

((O))))))))))))))))))))))))))))))

6. The Nothing point – Something point in the creation

A. The Nothing point

In this study, this is the point when
there were not any being from present existing creatures
in the universe,

B. The Something - point,

Based on this point that
the existing universe, in the nothing point of
creation, was not existing, but
now it is existing, this means
its existence proves that,

Before the physical creation of the universe there has
been

**An Existing Non – Physical and
Not-Created "Being"**

Who has created all natural beings.

**This "Being" as the Creator,
is the leader who leads the whole
universe,**

(**except** the activities of Humans and other beings
with a thinking brain and properties like
awareness, deciding etc.).

**This exception is, because of the aim of human crea-
tion**

which in this study is
women's and men's development towards
relative all knowerness and thereby
having, the **relative best possible life,**
not only on the earth, but **also in the whole
universe,** beyond the earth.

**The view for human intellectual development is based
on,**

For avoiding diseases and different problems,

First of all,

1. should everybody know, her and his body natural scientifically
2. should know, nature natural scientifically,
development of these sciences is towards
“ relative all knowerness of every healthy individual.

·
((((((((((O))))))))))((((((((((O))))))))))

7. Two Basis of the Universe View

In this study

Among others, there are two most important points in the universe view

for finding,

how the universe is created and how the universe is functioning, among others following questions are important

1. Is there any “Absolute “ or not ? and
2. Can anything non-physical,

From **outside** the matter **affect the matter** and create the physical universe ?

.....

I. About the “Absolute”

The Absolute related to the Creation

It is said that there is no “ Absolute”,

One question from deniers, is

How many % of you claim that there is no Absolute.

1 %10 ...30 ...50 ...80.....99.99 %’

Even in the case of 99.99 % they can’t say that

there is definitely no Absolute

thereby, there is an “ Absolute.”

In the case of claiming 100 % there is not any Absolute,

this means that, absolutely, there is no Absolute.

This claim that absolutely there is no Absolute

is a paradox which

verifies that there is an Absolute and

rejects the denier's own view in saying that there is absolutely no Absolute.

Ultimately deniers,

Absolutely can't **natural scientifically** claim that, there is not any absolute.

The different dimensions of the MEP as

a. the Main Essence WVLMSTFA etc. **of the universe**

/ Will is absolute

/ Value is absolute

/Law is absolute

/Mathematic is absolute

/ Structure is absolute

/ Function is absolute

/ Technology is absolute

/ Aim is absolute and because of being absolute,
and

b. The Main properties (Absolute TAVDA & DCD)
Properties) or

/ absolute thought,

/ absolute awareness

/ absolute volition

/ absolute decision maker

/ absolute doer

/ etc.

**There is no place at all for any “random activity”
like the black hole ,the singularity, the Big Bang etc.**

**II. Can anything non-physical,
Affect in the physical matter
From outside the matter and change it ?**

We can take the human brain, as an example for

Affect of the “non-physical” in the matter from outside the matter.

The Brain is **constructed** by non-physical intellectual (WVLSMFTA etc.) thoughts and **It functions** by the non-physical properties like the thinking property, awareness property, volition property, deciding property, acting property.(TAVDA)

Without WVLSMFTA etc. thoughts, there will not be any physical constructed brain, and without TAVDA ,” property thoughts “, the physical brain will never be aware of its own existence. Thereby,

It is by non-physical thoughts, the physical brain is constructed and it is by non-physical properties or biological applications) that the brain, can think, decide and act.

As it has been developed in beginning of the chapter two, **Every physical act of the brain is result of 5 different “ non physical “ acts.**

it is the same with the whole physical universe.

Practicability

of this view is

Existing, functioning, but unaware universe thereby,

the above mentioned claim, that non physical can’t affect in the physical matter, from outside the matter

clearly is not right.

.....

8. Using terms

It has been tried,
by using the most easy possible terms for making the
views in this study
more and more understandable for people, that it will
be easy to follow.

.....

9. Repeating terms like matter, non-matter, Physical , Non-physical, Natural Scien- tific etc. is because,

this study is about the following dimensions of
our daily empirical reality namely

- A. Matter,
- B. Non-Matter,
- C. Man-Made
- D. Natural Scientific, and
Relating them to
- E. TAVDA, thinking, awareness etc. for
- F. being DCDer or decider, creator, developer

thereby

**the dimensions of terms and sentences,
and their functional position as**

/ an “ decider “ or

/ being a “ means “

should be emphasized

for bringing and keeping people in this

6 dimensional universe.

((((((O))))))((((((O))))))

10 Three different leadership and societies

I. Man made societies and leadership,

In which man made
(WVLMSFTA etc.
Or , will, value, law, mathematics, structure,
Function, technology, aim etc.).
Are leader
Like present different societies and
Leaderships.

II. Natural scientific or post man made Societies and leaderships

based
On human body's and nature's
(WVLMSFTA etc.)
Without any man made (WVLMSFTA etc.)..

III. Post physical , natural scientific societies In which

Societies, leadership and life are based on
Non physical (WVLMSFTA etc.) of every
Being and the whole universe. In other words
Universe and all beings in it,
Without physical body.
Thereby
Leadership of the Main (WVLMSFTA etc.)

In which

1.. **In relation** to beings with thinking, awareness etc. properties **like human being** is

Guiding, not deciding leadership

Because they can think and become aware etc. and

2.. **in relation** to beings without thinking

Awareness etc. properties is

Absolute deterministic leadership

Because, they can think and they are not

At least aware of their own existence in

Existing universe.

((((((((O))))))))((((((((O))))))))

11. Reference

In this study, reference is related to

The Human body, Nature and Man made societies.

Not to other researchers studies because,

A. The most important point in studies are

“ contents of views” not references.

B. Having NS Ground or basis for study and

C. Having NS goal for study.

Basing studies only in present realities is nothing less than going astray in studies.

Because, all human intellectual, physical, social and environmental **diseases and problems** are result of

Not thinking, not working, not living natural scientific.

Thereby,

I.. Not basing, the study in natural sciences and

II. Not having Natural scientific goals in studies,
Are two undeniable reason for
“ **Not being natural scientific**” character of the study.
((((((((O)))))))(((((((((O)))))))

12. Three evaluation points of the views

Unimaginability

Living behind present man made societies and

Thinking, talking, looking, acting, living

Natural scientifically, without any man made intellectual and physical WVLSMFTA etc. is unimaginable but

Undeniability

This is undeniable that man made intellectual and physical WVLSMFTA etc. are not natural scientific and result of this un – natural scientifically is all human intellectual, physical, social, environmental etc. diseases and problems.

The only way

Based on undeniability , the only way is
the main natural scientific WVLSMFTA etc.
and property way.

((((((((O)))))))(((((((((O)))))))

13. practicability and falsification

Practicability of the view is
Existing and functioning universe
Which is created and functions
Without any human help and
Without any man made means

Falsification of the view by
Falsifying the view by proving that
Without human intellectual help or physical innovated
means the universe could not exists and function..
A prove which is absolutely , natural scientifically im-
possible because the universe and body of everybody
Has been existed before she or he becomes aware of her
And his existence in this universe.
