A. Starting point

In the same way that,

the whole natural universe including human being has been created, without any human help or any man made innovation

In the same way,

The whole universe can be studied “ natural scientific”

without any man made laws, values, technologies, aims etc. .

B. Practicability and Falsification

Practicability of the view Is existing and functioning universe which

is created without any man made means.

Falsification of the view is Proving that without man made

means, creation of the universe was not possible.
